

# ARMED BANDITS HOLD UP 2 TRAINS NEAR CITY'S CENTER

## 3 THUGS OPERATE BOLDLY

### TRIO WORK ON STREET, IN HOME

Hold Up and Beat Traveler; Break Into Residence Later

Thugs Operate With a Daring Hand; Obtain Small Loot

THREE bandits attacked and robbed Al G. Fitzwater, 2886 Chapman street, shortly after midnight, and at an early hour this morning the same men are believed to have broken into the home of J. R. Miller, 2132 Chapman street, where they intimidated Miller and robbed his home. The police are making unavailing efforts to capture the gang.

The men worked with the utmost daring and recklessness. They attacked and beat Fitzwater brutally, leaving him stunned in the roadway. Miller was held cowering in his bed under a leveled revolver in the hands of one of the trio, while the other went through the house and looted the place.

Fitzwater was returning home when he was held up. He had left the street car at Park and Valley streets about 12:30 a. m. and had walked about a block when he was attacked by two men. A third stood short distance away, acting as a lookout.

One of the men struck Fitzwater over the head with some blunt heavy instrument. The other swung a stick and hit him in the back. Fitzwater fell to the ground. The two men leaped upon him, rifled his pockets, and stole some small change.

LEFT ON SIDEWALKS  
After robbing Fitzwater, the desperadoes left the man lying on the sidewalk and disappeared in the darkness. The police were notified and commenced a search of the neighborhood.

While the search was in progress, the trio went to the home of Miller. Miller was awakened by the noise of wood being splintered. He realized that somebody was hammering at the rear door of his home, but before he could collect his senses sufficiently to leave his bed, the door was shattered by men using crow-bars.

Three men burst into his room. The first carried a revolver and wore a mask. He leveled the weapon at Miller and told him to remain in bed and not to make a sound. The two others remained in the background. They searched the house, taking a gold watch, a shot gun, rifle, some jewelry and \$2 in coin.

## NEW LIQUOR ORDINANCE IS COMMENDED BY CHURCHMEN

The following resolution was passed by the Northern California Conference of Congregational Churches last night:

"Resolved, that the Northern California Conference of Congregational Churches heartily congratulates the city of Oakland, in which we are assembled in annual meeting, on the splendid forward step marked by the recent passage by its mayor and city commissioners of the ordinance reducing the number of liquor licenses from 400 to 200, closing saloons in residence districts and in other wholesome ways restricting the liquor traffic.

"We are glad to have as great a city lead the way in modern social progress, and we congratulate Oakland on the possession of a city commission brave enough, far-sighted enough and loyal enough to the welfare of its citizens to pass so sane and progressive an ordinance.

Resolved, that a copy of these recommendations be sent to the City Council and the public press."

### HOWDY, MR. TAFT; WELCOME TO THE WHITE MANSION

WASHINGTON, Nov. 14.—Former President Taft visited the White House offices today. He came to town to lecture before the National Geographical Society.

"I just came to pay my respects," he said to Assistant Secretary Forster. "Please take my card to the President and tell him so. I know he is a busy man and I don't want to trouble him."

President Wilson, however, directed that his predecessor be ushered in immediately. The two chatted for a few minutes, greeting each other heartily.

NOGALES, Sonora, Nov. 14.—News from Chihuahua City, now invested by Pancho Villa's rebels, was awaited with great interest. If the Chihuahua state capital falls the Constitutionalists would hold the capitals of the three border states and coast states, forming a wedge in northwestern Mexico.

General Obregon merely reported that the federal defenders of Culiclan had fled and were being followed by insurgent columns. He did not state the federal loss.

CONCORD, N. H., Nov. 14.—Attorneys for Harry K. Thaw and the state of New York were notified today that Judge Edgar Aldrich of the United States District Court would hold a preliminary hearing here November 18 in connection with the habeas corpus proceedings instituted by the Matlewian fugitive.

## SENATORIAL ASPECT IS PUZZLING

At Least It Appears to Be to Rudolph Spreckels

Not Candidate Himself, But May Back Another

SAN FRANCISCO, Nov. 14.—The present stage in the fight to be waged for the nomination of United States Senator from California finds Rudolph Spreckels, multi-millionaire, Republican and semi-Progressive, sitting on the fence in an attitude of anxious waiting. Spreckels, who decried the secession from the Republican party on the part of Roosevelt, Johnson, Henry, Rowell and company, is as yet unwilling to commit himself on what he will do regarding the battle which will soon be tempestuously waged by the political parties of this state.

One thing Spreckels is sure of, he will not himself be a candidate. This he denied and reiterated the denial a half-dozen times during a brief interview. It is also easy to see that as between Henry and Rowell he favors the former and is just a little bit peeved that the Fresno editor should have injected himself into the fight against the prosecutor even though it is a friendly contest.

NOT A CANDIDATE.

"I have made a resolution," said Spreckels, "and that is, I will not accept public office either by appointment or election. I would feel that I was hampered in the work which I hope to see accomplished if I were to allow the slightest bit in personal interest to sway me. I am not a candidate for United States Senator and I will not be. I thought I had settled that question once and for all, and am surprised that at this late day any one should doubt my position on the point. I, of course, am friendly

## M'INTOSH DIVORCE IN ADVANCE AIRING

Fight for Custody of the Children Cause of Hearing

With the matter of their divorce now before the court, Mrs. Ivy Mistle McIntosh and her husband, Benjamin Walter McIntosh, a wealthy manufacturer's agent of 22 Lombard avenue, Piedmont, are making a legal fight for the custody of their two children, Thelma, 10 years of age and Augusta, 8 years, who are now in the College of Notre Dame at San Jose.

Preliminary hearing of the case took place before Superior Judge Donahue on October 22, at which time it developed that Mrs. McIntosh had accused her husband of having numerous affairs, particularly one by the name of Mayme Rogers whom he is alleged to have established in a luxurious cottage in Carmel where he frequently visited her.

Miss Agnes Telferson formerly a companion of Mrs. McIntosh in the Lennox avenue home testified today that she had overheard a telephone conversation between the couple while listening over an extension phone. She said that McIntosh had insisted upon taking his eldest daughter with him to a madhouse because "she could rag better than her mother."

A trip to the Orient with Mrs. Rogers and numerous other alleged escapades on the part of the defendant have been brought out in the trial.

## FREIGHT AND 'LOCAL' ARE BOARDED AND TWO CONDUCTORS ROBBED

Pair Work With Coolness Almost in Heart of Oakland; Police Begin Man-Hunt

TWO Southern Pacific trains were held up, one almost in the heart of the city, and the conductors robbed last night by two armed and masked desperadoes, the hold-ups occurring within two hours of each other. Two suspects were arrested early this morning, but the police have nothing in the way of conclusive evidence against the prisoners.

The two trains were a freight, which was boarded by the robbers at First and Webster streets, shortly after 10 o'clock last night, and the second was a Seventh street electric, the 12:20 a. m. train from the Oakland mole. Conductor G. W. Curtiss was the first victim, while Conductor Frank J. Hooper of Alameda was the second.

The robbers in each instance boarded the trains near the center of the business district of Oakland, waited their opportunity after the trains were under way and cornered the conductor when he was alone. They robbed Curtiss and Hooper and sent the two conductors under their leveled revolvers until the trains were in East Oakland, where they escaped before the other members of the train crews could be warned.

BOARD EXTRA FREIGHT.

The two holdups boarded the freight extra No. 3533, a First and Webster streets. Conductor Curtiss was in the caboose alone. They made their way into the small compartment and suddenly covered the conductor with their weapons. Pressing their revolvers into Curtiss' body on each side and threatening him with death, they searched his pockets and obtained a watch and some small change.

Brakeman Morris was robbed of 75 cents. Remaining in the caboose till the train reached Thirteenth avenue, the two kept Curtiss covered until the train slowed down, when they swarmed from the rear platform and started back along the tracks toward Oakland.

Apparently dissatisfied with the meagerness of their loot, the two evidently caught a car back into the center of Oakland. At Seventh and Broadway, they boarded a Seventh street electric "local," east bound. Conductor Hooper, 1248 Grove street, was sitting in the small compartment at the rear end of the train used for the controller's apparatus. The two men entered suddenly and leveled their revolvers at his head. They took a gold watch and chain and a small amount of money.

ESCAPE IN EAST OAKLAND.  
Holding Hooper silent and helpless with their revolvers, the two men remained on the train till it reached Twenty-third street, where they jumped off and returned westward, it is believed.

Descriptions were given the police of the two men. Corporal A. B. Smith and J. Carter took two men who answered the description into custody at Eighth and Webster streets sometime after 1 o'clock. The two gave their names as Manuel Cabral and Dan McClellan. They were unarmed and although they answer the descriptions the police have little on which to base charges. They will be confronted by the two conductors late this afternoon.

The crews on the two trains were unaware of the robberies until the bandits had escaped. The gatesmen on the electric train would have learned of the holdup of Hooper, had there been any passengers for the local train on the train, as they would have been forced to wait for the conductor's signal. But the train was started from each station immediately, as no passengers either left or boarded the train.

DETECTIVES ACTIVE.

The Southern Pacific detective bureau immediately commenced investigation. (Continued on Page 2, Col. 4)

## Sumner Loop Estate Valued at \$100,000

Disposing of an estate valued at \$100,000, the will of the late Sumner Loop, wealthy lumberman and first president of the Alameda city council under the new charter, was filed for probate today. By the terms of the will Mrs. Emma Loop, the widow, is to receive \$24,000, while the daughter, Virginia Loop, gets a similar amount. A sister, Grace Hamilton, is bequeathed \$10,000. It is provided that in the event of Mrs. Loop's remarriage, one-half of her share shall revert to the daughter. About one-half of the estate is in cash.

## Tommy Burns, Jockey, Killed Under Train

NEW YORK, Nov. 14.—(Tommy) Burns, internationally famous as a jockey, either jumped or fell beneath an elevated train in Brooklyn today and was ground to pieces. No one witnessed the tragedy. The last person to see him was the station ticket seller, who remarked him racing up and down the platform just before the train pulled in. Tommy Burns was one of the world's leading jockeys and was reputed wealthy. He rode for such owners as W. C. Whitney, William C. Daly and several years ago carried the colors of the German emperor.

Murderer, Carried to the Gallows, Pays Death Penalty

PORTLAND, Ore., Nov. 14.—Oswald C. Hansel was hanged at the penitentiary in Salem today. The man collapsed and had to be carried to the gallows. When he found that execution was to be extended to him, Hansel attempted to take his own life by jumping from the gallows and striking the ground. He was caught by the gallows and immediately collapsed. He was carried to the hospital, but his injuries were so severe that he died.

In his cross-examination, Brauer said that the child had told him of a threat made by the mother that if he contested her divorce suit she was going to kill him.

Once during the hearing, when Mrs. Brauer on the witness stand denied that she had called her husband names, the child spoke up and said "she did."

"You have had the child for five weeks," said the court to the father, "beginning today the mother may have him for a week."

On leaving the court room the boy kissed the father good-bye affectionately.

After being kept at San Jose he was taken to the home of H. D. Brown, 222 Pine street, where the father now boards. In her suit Mrs. Brauer asked for \$300 per month alimony.

policy was strictly one of non-interference.

It is reported the other European powers have sent replies similar to that of Great Britain after exchanging views, which it was understood Washington desired they should do.

Dispatches from Washington indicate the probability of a settlement of the Mexican question without resort to arms, which during the last week appeared here to be a forlorn hope.

President Wilson's note to the powers, while it stated very clearly his intention to get rid of Huerta, did not indicate it is understood include any outline of the policy.

**NEGOTIATIONS ARE ON?**

WASHINGTON, Nov. 14.—Secretary Bryan exchanged messages early today with the Mexican government regarding the reported concessions which members of Huerta's official family have indicated he would make to the United States.

Efforts to recall John Lind from his post in Mexico City have been made deaf to persuasion.

the American memorandum demanded that the new Mexican government should not be allowed to act as a medium of communication through William Bayard Hale with General Carranza and Charge O'Shaughnessy at Mexico City, so that there might be an exchange of views on various names.

There was a report early today that Foreign Minister Madero might be the man selected, though the views of the constitutionalists as to Madero's acceptability were not known.

Secretary Bryan declared today that the Mexican government had not contained any statement of the alternative the United States would pursue in the event of Huerta's failure to meet this government's demands for his retirement. Mr. Bryan made this statement in response to inquiry as to the truth of a recent report from Vera Cruz that Mr. Lind had delivered a note to General Huerta informing him that if he had not abdicated the presidency by tomorrow noon the United States would blockade Mexican ports.

Mr. Bryan likewise declined to say what course of action the United States would pursue if the Mexican congress is convened tomorrow in the face of representations by this government that it will not recognize any of that body's acts as legal.

**COUNTRIES SATISFIED.**

WASHINGTON, Nov. 14.—Satisfaction over the attitude of Great Britain was the chief basis for a feeling of optimism that enveloped the Mexican situation in official circles today.

It became known that there had been the closest interchange of views between the United States and England, not only through Ambassador Page abroad but in Washington as well.

Sir Edward Tyrell, private secretary to Sir Edward Grey, the British foreign secretary, during the illness of Ambassador Page, was in Washington.

Spring-Rice, has been active in getting the American viewpoint and is believed to have been largely instrumental in the promotion of a friendly understanding between London and Washington.

It is thought also that the interchange of views with the United States has been made known to the British representative in Mexico City.

**SINALOA CAPITAL FALLS.**

NOGALES, Sonora, Nov. 14.—Cullinan, capital of Sinaloa, was captured by constitutionalists late yesterday. This was announced today at military headquarters here in a telegram from General Alvaro Obregon, who was commander of the insurgent forces. Details of the fight and engagement were lacking.

Mazatlan is now the only city in Sinaloa remaining in the hands of the federals.

**CARRANZA HOPEFUL.**

NOGALES, Sonora, Nov. 14.—Observers on both sides of the international line heard reports today from Mexico City and Washington which they took to indicate that the complete solution of the Mexican dilemma had been centralized at this remote frontier point.

President Wilson's expressions of optimism at Washington yesterday were regarded as referring directly to the result of Hale's conferences with the insurgent commander, the departure of John Lind from Mexico City as signifying the final move in dealing with the Huerta government at the Mexican capital. While American property owners in Mexico and minor officers of Carranza's army displayed eagerness to hear some definite word regarding the result of the conference here on the part of the chief participants in the negotiations there was a noticeable spirit of optimism. It was not doubted that Carranza's headquarters that the developments of the last week would result in anything but a lifting of the embargo on arms as a means to this result.

This port would become the center of the constitutional movement, as was Juarez in the Madero revolution, should permission be given by the United States.

Over military chiefs were busy today planning an active campaign while awaiting the outcome of the negotiations between President Wilson and General Carranza through William Bayard Hale.

**MAN CAPTURED RIDING STOLEN MOTORCYCLE**

Finding that his motorcycle had been stolen at the ball grounds at Park and San Pablo avenues, yesterday afternoon, F. O. Norman, 2323 San Pablo avenue, telephoned a description of the machine to the Oakland police, thereby causing the arrest of Louis Nagle, at Fifty-third and Adeline streets, by the police. Nagle, who is on probation for the theft of a motorcycle in San Jose and for an automobile theft in Oakland in 1909, will be charged with grand larceny.

Southern Pacific Reports That Two Men Made Haul Early Today.

action of the crimes. They came to Oakland today and turned over the information they had gained to Inspectors Richard McSorley and William Emigh, who have been detailed on the case.

The police learned today that one of the suspects, Manuel Cabral, is an ex-convict who was paroled from the penitentiary in October. He had been sentenced to 14 years for assault with intent to commit murder. Cabral was found guilty in Oakland of having beaten David Reynolds, 415 Eighth street, over the head with a club in November, 1908.

The two suspects refused to talk and would give no account of their actions during the time when the hold-ups were being committed.

A large detail of detectives from the Southern Pacific Company is engaged in investigating the robberies. Descriptions of the bandits have been sent out to all the police departments around the bay and will be sent to all cities in California. The robbery was committed by a tall man, about 5 feet 9 or 10 inches in height, and a short man, about 5 feet 4 inches in height. Both were shabbily dressed in dark clothes and both are of dark complexion. The descriptions in general tally with those of the two suspects.

**CONDUCTOR DENIES IT.**

Despite the fact that officials of the Southern Pacific reported the hold-up to the police and also furnished details to the press, Conductor Frank J. Hooper denies that he was held up on the electric train in his charge.

Hooper, at his home at 1344 Grove street, Alameda, said this morning: "I don't know anything about it. I was in charge of the last train which ran on the Seventh street line between the Oakland mole and Melrose this morning."

"As usual we finished up at Melrose station at 2:07 o'clock this morning. Nothing out of the ordinary transpired during the trip. We passed East Oakland station at 1:40 o'clock. As we were leaving the mole a detective with whom I have slight acquaintance passed me. I remarked 'You seem to be in a hurry.'"

"There's been a hold-up," he replied, and passed on."

"Did you not have a large sum of money concealed on your person?" was asked of Hooper.

"No," he answered, "I had my pay check and about \$12 in money. The check I had concealed in an inner vest pocket, while the money I carried in a purse in my back trousers' pocket."

"I hadn't had any trouble on the run last night or any other night that can possibly be coupled with the report that I was held up. I am also certain that none of my train crew or passengers were held up while on the train up till 2:07 o'clock last night. At that time we went into a siding at Melrose and I walked home."

## Surrenders So That He Can See His Baby

LOS ANGELES, Nov. 14.—Walter Clark, wanted in Chicago for embezzling from his employers, gave himself up to the police yesterday because he wanted to see his 2-year-old baby and did not have money enough to go back at his own expense. He said he was employed by a dining car company and stole about \$150 from the concern, fleeing when his employer became suspicious. The chance to see his child, who is lodged in a Chicago home, outweighed the fact that he would have to stay in jail, he said.

## Reinstated After Maternity Absence

NEW YORK, Nov. 14.—Mrs. Bridget C. Peixotto, a school teacher, discharged a month ago by the Board of Education for neglect of duty in being absent nearly a year on sick leave, to become a mother, won her fight today for reinstatement.

Supreme Court Justice Sutherland issued a peremptory writ of mandate, directing the board to restore Mrs. Peixotto to her position.

The case was selected to test the board's ruling that married women teachers may not obtain leave of absence to permit them to bear children.

# WOMAN IS HYSTERICAL IN COURT

Slayer of John D. Van Baalen Suffers Collapse

Story of Tragedy Proves Harrowing to Fair Defendant

near the harrowing details of her alleged crime as told by Rhoda Thompson, a stenographer of whom she had been jealous, Miss Leah Alexander became hysterical during her trial in Judge Sullivan's court for the murder of J. D. Van Baalen, an advertising solicitor, this morning. The hearing had to be halted while the defendant was carried limp and weeping from the courtroom.

With an effort and endeavoring to prevent a further collapse, she was taken to a saloon, but she was unable to get from the witness chair. She was supported by her aged mother and flanked by her attorneys, Harry Michaels and Thomas Dodder. They did their best to protect the unfortunate woman but in order to conduct their examination properly they were forced to be minute in interrogating Miss Thompson. The latter was the first witness. She gave her occupation as a newspaper woman and her address as 1224 Taylor street. She first told directly of the shooting in the offices of Van Baalen in the Chronicle building.

**GIRL TELLS OF SHOOTING.**  
She admitted that the dead man had accompanied her home, but averred that there had been no intimate relations. She described Miss Alexander's efforts to reach Van Baalen. Then she told of the tragedy in detail. Attorney Dodder was examining her as to the number of shots fired. She was positive in her assertions. When she asked her to measure the distance between Miss Alexander and Van Baalen and spoke of the aiming of the pistol, the ordeal was too great. The defendant shrieked and fell forward while an effort was made to revive her.

Miss Alexander is accused of having shot Van Baalen in the back while he was formerly lived with, and who she says promised to divorce his wife and wed her.

The Alexander case was continued after a brief recess, only to be stopped by the sudden disability of Shorthand Reporter Joseph Stevens, a veteran in the service. He suddenly sustained a cramp in his right hand. Continuing his work, he attempted to take the testimony despite suffering, and almost fainted. A continuance was then had until 2 o'clock.

**CHARGES GIRL WITH THEFT.**  
SAN FRANCISCO, Nov. 14.—Miss De Wolfe of 30 Eddy street was placed in detention at the city prison on complaint of David Levinson, who alleges that she stole \$340 from his pocket.

## Sex Hygiene Lectures Not for U. S. Mail

CHICAGO, Nov. 14.—Lectures on sex hygiene delivered to the pupils of the public schools may not be sent through the mails, according to a ruling of the postoffice received here today. The lectures were delivered by some of the leading persons of this city. The National League for Medical Freedom decided to mail copies of the addresses to the parents of the pupils with letters instructing the parents how best to give their children further instructions on the subject. Copies of the lectures were submitted to the postmaster here, who referred them to Washington.

## WIDNEY FACES WOMAN'S CHARGES

Miss Noel Murphy Testifies Realty Man Accepted Her Illicit Earnings.

(Continued From Page 1)

October. We had several drinks together in the house at 773 Commercial street. I saw her work in the office of a realty company. That night we went out to the beach and stayed all night. When we returned I paid the taxi fare. The next day Mr. Widney wanted me to go to Los Angeles. I gave him what money I had in my room. We did not go then but went the next day. He had me leave the train at Burbank. I since learned that it was because his wife was waiting for him at the Arcade depot. I rode into town in an automobile. He met me and we stayed all night at a hotel. Later he told me he couldn't be with me every night. He said I would be lonesome and had better go to work. He sent me to a house on Clay street, but the woman thought I was a detective and wouldn't let me in. I told him and he spoke to her and said "She is a good fellow from Frisco." Then they let me stay, but I couldn't make any money and left after three days.

Miss Murphy then described being taken to another resort, the whereabouts of which he had learned. She was accompanied by the defendant, she said. Continuing she told of alleged sums of money she had given him and how he had written to her after she returned here asking for the coin. The first telegram in which Widney asked for money immediately, was introduced into evidence.

## Havana Students in Clashes With Police

HAVANA, Nov. 14.—Several clashes occurred yesterday between the university students and the police. The students sneared the trolley tracks on University Hill with soap, and the cars rushed down the incline at such a dangerous speed that it was only by good luck that the passengers escaped injury. This resulted in a fight between students and policemen, and then police took a hand. The students stoned the police and some of them went before the secretary of the interior, and laid a complaint against the police.

May Lend His Power to Back Heney or Someone Else,

(Continued From Page 1.)

to Francis J. Heney and have always been, and I may say that I should like to see Heney in the Senate as United States Senator for California.

"Does that mean then that you are going to support Heney in the campaign?"  
"I cannot say that now. I may only be an on-looker, and I may get into the game with all the resources that I possess. First of all you must remember that I am a Republican. I made that very plain when I supported the Democratic ticket during the last campaign. I stated then that I was a Republican even though I was out for Wilson. I would support the Republican ticket."

"Does that mean then that you might not support Mr. Heney if he were sailing under Democratic colors and a suitable Republican from your standpoint, were running against him?"

"You may take it that way. I am not a Republican. I would like to see Mr. Heney elected, but I have not determined that I will support him, actively or otherwise. I am waiting to see the campaign launched."

"Would you support Mr. Rowell as against Mr. Heney?"  
"No, I may say that between Mr. Rowell and Mr. Heney I am without doubt in favor of Heney."

"Do you think, then, that Rowell should not have plunged into the contest against Heney, who was of his own political belief and had been working side by side with him?"  
"No, I wouldn't want to say that. Mr. Rowell declared that it is a friendly contest. I suppose that any man has a right to aspire to public office."

**NOT FOR HIM.**  
"Then as far as you yourself are concerned you have made up your mind that you will not be a candidate even though pressure should be brought to bear upon you?"

"Yes, absolutely. I don't want any mistake to be made about that. I am, as I say, a Republican, but what position I will take in this campaign I cannot say, of course. But I favor Mr. Heney. I may end up by fighting in the open for a candidate, doing everything I possibly can to elect him, and on the other hand I may take a less active part. I do not know. The situation has not yet assumed concrete form."

## Currency Bill May Be in Senate Monday

WASHINGTON, Nov. 14.—An attempt to bring the administration currency bill into the Senate Monday or Tuesday will be made by the administration Democrats of the banking committee. Both wings of the committee were in session today. Senator Hitchcock and the Republican members in one room and Senator Owen and the other administration supporters in another.

## Exhibition Tomorrow

Combination Coal and Gas Range

In one of our show-windows tomorrow and all next week we will again demonstrate the wonders of the latest invention—the Two-Fuel Range.

This is not two ranges bolted together, nor a coal range with gas plate attached, but really two complete ranges in one. You can cook with gas in warm weather, with coal in cold weather—change from one fuel to the other in three seconds by a simple, easy motion. Or, stranger still, you can cook your breakfast with gas while actually building a coal fire. Hot water is secure with either the coal or gas. And you can cook on two covers with only one burner.

Built of steel and takes no more room than an ordinary coal range. Delivered to your home for only \$10.00 cash, balance in easy monthly payments.

Be sure to see this great range at work in our window. It will interest you, tell as a new invention and as a household convenience.

Articles of Historical Value  
Contributed by Prominent  
Citizens of Oakland.

Several important additions to the  
Oakland public museum collections have  
been made by the Museum Society, one  
of which have considerable value. Among  
the recent acquisitions there is a series  
of pictures and other articles of histor-  
ical importance formerly belonging to the  
noted Peralt family, to settle here  
before the discovery of gold. The  
collection was accepted by the board  
of the museum. The pictures, which  
were loaned from the Peralt family, are  
now in the possession of the museum.

the tournament is awaiting the event.

### Missing City Clerk Of Benicia Arrested

BENICIA, Nov. 14.—Neil Scannell, the  
missing city clerk of Benicia who is  
charged with having embezzled \$3400 en-  
trusted to him by the order of Eagles,  
was arrested last night in Philadelphia.  
District Attorney Raines was notified to  
this effect today and began preparation to  
send an officer east to bring Scannell back  
for trial.

### SPEEDING AUTOIST ABANDONS VICTIM

Thomas Stase 1101 Clinton avenue  
Richmond was run down by an auto  
mobile at Sixteenth and West streets last  
night. The machine did not stop and no  
assistance was given Stase by the occu-  
pant of the automobile. He was picked  
up by the chauffeur of the Hotel Oakland  
and treated at the offices of Dr. W.  
to his home.  
A machine driven by G. Henshaw, 276  
Adams street, was in collision with an  
Alameda car at Fourteenth and Broad-  
way last night. Slight damage was done  
to the car.

### ACCUSED BURGLAR IS CAPTURED AFTER CHASE

John Brown, alias Charles Moore, who  
was captured in an exciting chase on  
Fourteenth street by Patrolman Rattley  
fugitive head, was charged with burglary  
today on the complaint of E. L. Greg-  
ory, 404 Forty-second street, whose home  
he is alleged to have forced. A two-story  
house on Forty-second street, where  
Brown was captured, was the scene of  
the burglary.

### Skeleton of Mammoth Found in Seattle

SEATTLE, Nov. 14.—The skeleton of  
a mammoth was uncovered yesterday by  
workmen doing the excavation for the  
municipal stadium in West Seattle.  
The bones were found 150 feet below the  
top of the hill. The stream of water to  
the bones apart, but enough were pre-  
served to enable Prof. J. H. Britz of  
the University of Washington to iden-  
tify them. One tooth measures 12 inches  
in length and is the point where  
it emerged from the jaw, 6 inches wide  
at the end and 4 inches thick.

### CHAMBER OF COMMERCE RECEIVES LITERATURE

ALAMEDA, Nov. 14.—The Chamber of  
Commerce of the United States of Amer-  
ica, with headquarters at Chicago, and  
of which the Alameda Chamber of  
Commerce recently became affiliated, has  
sent a large quantity of literature to the  
local chamber. Included are re-  
ports, pamphlets, and other material.  
The Chamber of Commerce of the  
United States of America now has a  
branch in Alameda.

### Count von Huelsen Defends Character

BERLIN, Nov. 14.—Count George Von  
Huelsen-Haeseler director of the Prus-  
sian Royal Theaters made a vigorous  
defense of his moral character before the  
law courts here today. The occasion  
was the opening session of a suit for libel  
brought by him against Herr Steinhilf  
and Herr Wilde editors of the Montags  
Zeitung. The newspaper had published  
early in August an article containing the  
name of Huelsen-Haeseler with the al-  
legations made some years ago against  
Prince Philipp zu Eulenburg and other  
members of emperor William's suite, as-  
serting that he had narrowly missed be-  
ing involved in the great court scandal.  
The count read under oath a sweeping

### THIEVES STEAL DOCTOR'S SURGICAL INSTRUMENTS

Dr. George Rattley of the Macdonough  
building reported to the police today that  
a grip containing surgical instruments  
had been stolen from his office.  
The grip was found in a rooming house at  
1064 Telegraph avenue last night and  
entered the room of Joseph Cavallaro,  
where two days later it was found empty.  
The doctor's instruments were valued at  
\$100.

## Strengthen Your Lungs Is Timely Advice

when consumption claims over 350 daily in the United States. Neglected colds, overwork, confining duties and chronic disorders exert the weakening influence which allows tubercular germs the mastery.

The greatest treatment that science affords is courage, rest, sunshine and Scott's Emulsion.

Scott's Emulsion contains pure cod liver oil to clarify and enrich the blood, strengthen the lungs, rebuild wasted tissue and fortify the resistive forces to throw off disease germs.

**Strengthen YOUR lungs with Scott's Emulsion—its benefits are too important to neglect.**

Physicians everywhere proclaim its worth and warn against alcoholic substitutes.

## OAKLAND MAN WRITES OF ECONOMIC SYSTEM

Dr. F. E. Reynolds of this city has just issued a booklet under the caption "Endeavour, Our Banker and Employer," dealing with the money question, the high cost of living, and all other vexatious questions now agitating the working class. The author claims he has solved these various problems by his arguments set forth in this edition, analyzing and solving it from the standpoint of Socialism. Claiming Socialism to be the probable end, he cites the fact that the wealth of the country is in the hands of a few men. "No people can be free, who permit, by any process, their wealth to be controlled by a minority of their citizens," he writes.

He states that conditions today smack more of slavery than they did in the Anti-Slavery days. He gives the money lender—the "banker"—a scathing criticism, citing instances of methods in extorting usury from the borrower, and of the impotency of the authorities to punish these modern Shylocks.

He claims socialism means scientific economics.

## For Bright Eyes and Clear Nose

**Remarkable Catarrh Cure That Gets Right into the Affected Parts and Stops Gatherings.**

S. S. S. is a Wonder for the Eyes, Nose and Throat.

It is definitely known that catarrh can be cured by the simple process of introducing the blood with antitoxin remedies that stop inflammatory conditions throughout the mucous linings of all the organs of the body. This is done with the famous Swift's Sore Specific, or as it is widely known, S. S. S. It is taken into the blood just as naturally as the most nourishing food. It spreads its influence over every organ in the body, through all the veins and arteries, and enables all mucous surfaces to exchange inflammatory fluids and other irritating substances for arterial elements that effectively cleanse the system and drive an end to all catarrhal pollution. S. S. S. cleans out the stomach of mucous accumulations, enables only pure, blood-making materials to enter the intestine, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in the process of purification.

You will soon realize the wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the system.

Sold at all drug stores.  
For special advice on any blood disease write to the Swift Specific Co., 223 Swift Bldg., Atlanta, Ga. Do not delay to get a bottle of S. S. S. from your druggist. Always insist that you get S. S. S. and always insist that it is the Swift Specific.

## SMITH HAS NOT GIVEN HIS REPLY

SAN FRANCISCO, Nov. 14.—Expected to be the basis of a capitulation in the Hanford-Tevie interests did not materialize, notwithstanding promises made here yesterday.

The proposals said to have been made by the Smith interests have not been accepted nor are they likely to be in the form recently presented in which Smith was to receive \$1,000,000 for his shares in the United Properties company, thereby retiring from the corporation.

The Smith advisory committee of bankers has given out no statements and unless statements are officially issued by the committee, they are not substantially correct.

Local offices of F. M. Smith know nothing of the pending settlement. On the basis proposed by the Hanford-Tevie interests.

## NATIVE DAUGHTERS PLAN BIG WHIST AFFAIR

FRUITVALE, Nov. 14.—Fruitvale Parlor No. 17, Native Daughters of the Golden West, will hold a turkey whist in the new Fifth Avenue, East Fourteenth street near Fruitvale avenue, Tuesday evening, Nov. 18. The committee in charge of the affair consists of Mrs. Lena Gill, chairman, Mrs. Neide Crowley, and Mrs. Gertrude Gray.

## HURRIED SUMMONS WERE ONLY BY PARROT

"Oh, Boogie!"  
This cry, coming from the front of the Chamber of Commerce building today, called Fred Boogie, secretary of the manufacturers' committee, from his desk to the office of Secretary A. A. Denison of the Chamber. When he got there he was informed that his superior hadn't been called to his office.

Boogie, however, reported that he had never said a word. As he spoke there came another call, louder than ever, for Boogie. It seemed to come across the street. Both looked at a large green parrot swung in a cage from a house across Thirteenth street, and from this cage came the summons. Practical jokers had taught the parrot the trick. Now Boogie stays at his desk unless called by telephone in the usual manner.

# Oakland Rapidly Growing Into a Great City

Oakland is forging ahead at a remarkable rate. Building growth is evident on every side. So many steel frame business blocks were never before going up at one time, never was business expansion so pronounced or more convincing evidence given that the city was on the high road of prosperity.

Residence building is active in every quarter of the city. New dwellings are going up on every hand, and as they are occupied as soon as built no better proof could be given that the population of Oakland is increasing by leaps and bounds. The rapid development in the business districts shows that property owners are responding with alacrity to the commercial needs of the community. At last business building has got into line with residence building. The growth is being rounded out and equalized.

Building statistics show that no city of its class in the country is going ahead as fast as Oakland. No city can show more prosperous conditions. No city has a brighter promise for future growth and prosperity. The city has struck its gait and is sure of itself and confident that a great destiny is in store for it.

When we turn from the building record, we see a street and park development even more striking. An enormous amount of paving has been laid during the last few years, and paving work is progressing at present faster than at any previous time in the city's history. High-class modern pavements are being laid in all the thoroughfares. Our clean, well-paved streets give the city a prosperous air and harmonize admirably with the fine buildings recently built or in process of erection. The aesthetic, ethical and religious side of our civic development is evidenced and emphasized by park and playground improvements, and the erection of model school-houses and fine churches.

Oakland is not only growing fast, but growing in the right way and the right direction. We are building a city on a broad base along broad lines. By the first of January we will have put over \$7,000,000 in new buildings during the year and expended \$1,000,000 more in street and park improvements.

What city can make a better showing? In what city is progress more rapid or safer and saner? We are building a city fit to live in—a city where material growth is not secondary to the growth of civic spirit. As the city spreads over the hills and overflows into the suburbs it gives fresh evidence of an awakened moral and artistic consciousness. As our city gets bigger it becomes brighter and cleaner and more worthy of the love and loyalty of its inhabitants.

If waterfront development has seemed somewhat slow, it has been progressing steadily. Ground is being gained each day, and in a little while our ships will begin to come in. It will not be long till ocean steamers will be docking in the Key Route basin. Meantime traffic in the inner harbor is increasing with phenomenal rapidity. A swelling volume of trade passes through the jetties, and the demand for space on the harbor-front grows apace. But Oakland's importance as a port will not be fully appreciated till ships are docking at the city's wharves on the western waterfront. We will not have to wait long for that, however, as the commercial bodies have taken the matter in hand and are taking steps to bring shippers and ship owners together. While the city has been building it has been compelled to solve problems as it went along—feel its way so to speak, and prepare a footing for every step taken. But we are getting into our stride at last, and the realization of hopes for which we have striven is near.

Our municipal edifice wears a look of incom-

pleteness. Every growing city is incomplete. Growth itself is a mark of immaturity, but it is also the mark of health, of progress. A completed city is a city which has stopped growing. Oakland is not that kind of a city. It has just begun to grow in the broad sense. It is developing in every direction, expanding in civic aspiration as well as in area and self-confidence. She is getting ready to welcome the argosies of commerce which will come to these shores as soon as the Panama canal opens. We will invite homeseekers from the Eastern states and Europe to a city without a slum and show them a place where opportunity is equal to enterprise, where ship and car meet at the water's edge and the facilities for handling commerce are unsurpassed; where the road to the sea is not monopolized and where there is no barrier to trade with the interior.

Even casual visitors are astonished at the evidences of growth here. It is so general and widely distributed as to excite amazement. It shows itself in every channel of activity. But it is so continuous and so quiet that old residents of the city are hardly conscious of the changes going on around them. It takes the occasional visitor to perceive the transformation that is taking place and to appreciate at its true value the enormous growth this city is making. With a vision clearer than that of the inhabitants, visitors from other cities are coming here to avail themselves of opportunities neglected by our townspeople.

The old Oakland is passing and a new Oakland is coming on the stage—a city of grace and beauty as well as prosperity and commercial greatness. It is expanding and enlarging at an unprecedented rate and giving fresh evidence daily that it is destined at no distant period to become one of the most opulent and important maritime cities on the western side of the continent.

## Lie With a Wicked Purpose.

No evidence has been presented to substantiate the reiterated statement that the hand of Great Britain is under Huerta. The British government denies it, the State Department at Washington denies it and the tone of the English press negatives the idea. What could England hope to gain by covertly encouraging Huerta to defy the United States? It would obviously be folly for the British government to engage in an intrigue hostile to the United States, especially with Huerta.

Apparently the story was fabricated in this country to embarrass the administration. Its only basis, so far as is discernible, was furnished by the bumptious statement of Sir Lionel Carden, the British Ambassador to Mexico, hastily presenting his credentials to Huerta and giving out an interview (which the British government disavowed and later denied) in which he declared Huerta ought to be recalled and treated as the lawful president of Mexico. But Sir Lionel Carden has always been antagonistic to the United States. He has changed his tune the moment he heard from his home government, it was a mistake for the British foreign office to send him to Mexico. He is lacking in tact and discretion and belongs to an antiquated school of diplomacy; moreover, he is entirely out of sympathy with the harmonious relations existing between Great Britain and the United States.

Notwithstanding Sir Lionel Carden's attitude of stolid unyieldingness to Mr. Lind's negotiations in Mexico, there is nothing to warrant the belief that he reflects the policy of his government. The inspired utterances of the Westminster Gazette, the organ of the Asquith ministry, more accurately express the attitude and policy of the British government toward this country than Mexico. The warning the Westminster Gazette gives to Huerta is significant. It tells him plainly that the recognition of his government is likely to be recalled because he has failed to pacify the country and because the election held under his auspices proved a farce. It notifies him in plain words that he is without constitutional standing in Mexico and equally destitute of moral standing abroad.

Hence the story that he has the covert support of Great Britain must be set down as a malicious invention—a fiction invented and set afloat to make the public believe that the policy of the British government is dictated by fear of a clash with Great Britain. It is a creditable and unpatriotic canard. Evidently its object is to shame our national pride with the suggestion that we must intervene in Mexico just to show that we are not afraid of Great Britain. It is an attempt to force the President's hand by a malicious falsehood.

Apparently the orange orchards of Southern California have been rapidly ruined by the effects of the freeze or the damage done less than the public was led to believe. It is stated that the orange crop will be equivalent to 40,000 carloads. This probably includes the product of the San Joaquin valley, but even so, the yield for the trans-Sacramento counties is a disappointment. It is gratifying to learn that the money the orange crop will bring in will tend to remove the impression which prevails that the orange industry of

## Twenty Years Ago Today

Dr. R. H. Cool has returned from a two months' trip in the East. While away he visited Chicago, New York, Boston, Washington and other metropolitan cities. The California exhibit, he says, caused more comment than any other portion of the show made by the United States.

Arthur A. Street of Berkeley has returned from New York, where he has been connected with the Review of Reviews.

Manager J. P. Meehan of the Pullman company has returned from an extended visit to the East with his wife.

The Portuguese residents of this county will give a series of entertainments in aid of the cyclone victims of the Azores islands.

## THROW AWAY YOUR EYEGLASSES!

A FREE PRESCRIPTION  
You can have fitted and use at home.

Do you wear glasses? Are you a victim of eyestrain or other eye weakness? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully, now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses. It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Opton, fill a two-ounce bottle with warm water, drop in one Opton tablet, and allow to dissolve. With the liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and improve rapidly. Many hopelessly blind might have been saved if they had used this simple eye treatment.

## TWICE-TOLD TALES

This from Scotland: An old fisherman used to bring the laird a splendid salmon the first of every month, and he always gave the fisherman a tip. One morning he was very busy and when the old man brought the fish the recipient thanked him hurriedly and, forgetting his tip, bent over the desk again. The old man hesitated a moment, then cleared his throat and said: "Sir, would ye be so kind as to put it in my pocket that ye didn't give me no tip this time, or my wife'll think I've went and spent it on rum."

A man with unusual ideas opened a boarding house at Saranac lake and advertised it as a winter resort. A guest went up there and after a brief sojourn packed up, paid his bill, and said: "How can you have the nerve to advertise this place as a winter resort when the thermometer for the last week has registered 8 below?" The landlord looked aggrieved. "Well, that's winter, ain't it?" he exclaimed. "If 8 below ain't winter, I'd like to know what is."

## Common Honesty and Reform

The editor of the Fresno Republican, who is a tentative candidate for the United States senate, solemnly declares that "reform has its various stages," and that "the first one is common honesty." Nobody will dispute this truly virtuous sentiment. It would be interesting to know, however, whether the distinguished moralist of Fresno thinks that "common honesty" means as he applied to politics as well as to other incidents of life. Recently, over his own signature, he suggested that his Progressive friends should "grab the Republican party," and added that if the law permitted the grabbing, he had "no squeamishness about it." Of course Mr. Rowell would not consider it common honesty to grab another man's pocket-book or his hat. Yet in grabbing a political organization he apparently supposes there is no violation of common honesty. Mr. Rowell is a reformer, a professional reformer, but his words suggest that he is yet to reach what he terms "the first stage" of reform. And there are others like him in this glorious commonwealth. — San Diego Union.

# SLINGSBY SUIT HALTED BY DEADLOCK

Child Substitution Inquiry Temporarily Ended Before British Vice-Consul.

Seeking Arrangement to Obtain Testimony of State Registrar, Dr. Snow.

SAN FRANCISCO, Nov. 14.—A deadlock has halted the Slingsby substitution inquiry before the British vice-consul. There was no session to-

resending Tom and A. P. Slingsby, has finished the main portion of his inquiry. He desires, however, to examine Dr. Snow, state registrar, but the commission under which the depositions are being taken forbids the investigators going to the capitol. Dr. Snow has been advised by his counsel that he may not come to this city. Thorne is therefore endeavoring to effect some sort of an arrangement in the country.

Today Lieutenant Charles H. Slingsby, of the British Consulate, San Francisco, is reported here to the Slingsby millions, and Attorney Oliver Dibble is to leave for a rest in the country.

"I think we will all go to Byron," explained Dibble this morning. "I don't think we can take up the hearing again until next Wednesday or Thursday. At that time I will begin putting in my case. Mrs. Slingsby has not been hiding—that is all. I have refused to take her before the vice-consul to give Mrs. Frazer, the wife of Dr. W. W. Frazer, an opportunity to identify her where she would have everything her own way. Mrs. Slingsby has been in the city and she has not been evading process servers. We will need a rest and we are going away today."

Attorney Thorne will endeavor to and his side of the case by making some arrangement with Dr. Snow.

## ACCIDENT DATA GIVEN IN REPORT

S. P. Figures Show Many Mishaps Due to Carelessness.

Within twenty months, in California, in country roads, there have been twenty-six lives lost and thirty-two persons injured in accidents at railroad crossings that could have been avoided, and the drivers used due caution. This statement is made by railroad companies after getting statistics from boards of inquiry.

The figures exclude city streets, where rush of traffic and noise may have been contributing factors. Neither do they include cases where persons were "joy-riding" or the drivers intoxicated.

The railroad companies are calling upon automobile men and others to help in accident prevention. On this subject, the Oakland Tribune, in an editorial, recently said:

"When pedestrians are about to cross a city street, they ought to halt, look both ways, and when sure the road is clear, go ahead. When they fail to do this, and get run over, automobilists say, 'Why did they not look before they crossed the sidewalk? We blew our horns, why did they not take notice?'"

"Cannot railroad officials say with some justice when trains hit automobiles, 'Why did they not look right and left before making the crossings? Our whistles blew, why did they not listen?'"

When a street car comes by grade crossing, the conductor looks to see that all is clear. Why not automobiles?

"A train does not come on one with the stealthy approach of an auto."

"Automobile clubs might well advise their members to halt at railroad crossings, what they are pedestrians should do at all street crossings—avoid 'contributory negligence.'"

## FIVE CO-RESPONDENTS TO APPEAR IN COURT

CHICAGO, Nov. 14.—Each charging infidelity, the wife naming three women and the husband naming two men in their respective complaints. Reine R. and Harry T. Witbeck were to appear today before Judge Barker for trial of their divorce case. They have been living apart for a year.

Witbeck is the only son of the late John Witbeck, who made \$1,000,000 in the lumber business. He shares the estate with two sisters and is said to have an income of about \$600.

Witbeck refers to their marriage in San Francisco seven years ago as the result of a "put up job" between his wife and her mother.

## WIRE TAPERS TO TELL OF POLICE COMPLICITY

NEW YORK, Nov. 14.—It was stated last night at District Attorney Whitman's office that witnesses who tell of \$250 a month being paid to an official at police headquarters by wire tappers besides a fifteen per cent commission on all transactions, have been subpoenaed to appear before the grand jury. Among those who will be called, it is said are George McReam, Frank Tarbeau, Albert J. Carter and Thomas Brown. These men are under indictment for grand larceny by wire tapping. Mr. Whitman said he has been served upon them but the district attorney refused to give their names.

## BEQUEATHS \$50,000 TO CATS' AND DOGS' HOME

NEW YORK, Nov. 14.—By her will Mrs. Helen D. Winans, who died in Holland last September, has left practically all of her estate, valued at more than \$50,000 to the Bide-A-Wee home for dogs and cats in this city. Mr. Winans died before his wife, so the bequest became payable at once to the home and constitutes one of the most generous donations to the institution ever received.

SACRAMENTO, Nov. 14.—The minister of justice, Juan Garcia, entertained the distinguished delegates at a dinner, which was attended by the chief cabinet ministers, and forty of the most prominent citizens. Col. Rodriguez was the guest of honor.

## Probably "French" for Just Plain Ptomaine Poison

PARIS, Nov. 14.—The government has sent Professor Chantemisse, head of the Pasteur Institute, to Cholote, a town in the department of Maine et Loire, to investigate a mysterious disease which has broken out there and caused a number of deaths.

Recently 50 of the guests at a wedding party were taken ill and eight of them died. It was suspected that poison had been placed in one of the desserts, but later other deaths from a mysterious cause occurred in various parts of the town. The opinion is held that some infection is responsible.

## NINE SHIPS LOST IN STORM'S GRIM EMBRACE

### LIST GROWS IN LAKE HURON DISASTER

All Hope Abandoned for Four Further Vessels That Encountered Storm.

Total Loss of Life Among the Crews Exceeds 160, Is Estimate Now.

**BULLETIN.**  
GODERICH, Ont., Nov. 14.—The bodies of eight men and one woman from the wrecked steamer Carruthers were found today on the shore of Lake Huron, near Point Clark light-house, 25 miles above here. A tenth body, bearing a Carruthers life-belt, was found near Kantail.

PORT HURON, Mich., Nov. 14.—With five big steamers given up for lost with all on board and practically all hope abandoned for four others that encountered the terrific storm on Lake Huron during the early part of this week, interest today centered again on the identity of the overturned freighter which lies in the lake a few miles northeast of here. Weather conditions this morning indicated that it would be possible for a diver to go down and examine her before night.

The five steamers believed lost are the John E. McGean and the Charles S. Price of Cleveland, the James S. Carruthers, the Regina and the Wexford, all of Toronto.

The four vessels, the destruction of which has not been definitely determined, are the Harry D. Smith, the Hydus, the Argus and the Isaac M. Scott, all of Cleveland.

The loss of the nine ships with all of the crews would make a life loss of more than 160.

**LIST GROWS.**  
Messages received today indicate that Lake Huron holds another overturned mystery ship besides the one near here, a red-bottomed steamer having been reported off Harbor Beach. Many believe she is the James S. Carruthers of Toronto.

The wrecked vessels that resulted in death and the lives lost as compiled today are as follows:

Lake Huron wrecks—John A. McGean, crew of 23; Charles S. Price, 28; James S. Carruthers, 23; Regina,

Lake Michigan—Plymouth, 7.  
Lake Erie—Lightship No. 82, 5.  
Besides the foregoing list there are more than a score of vessels which were either totally or partially destroyed without loss of life.  
**BODIES BRIT ASHORE.**  
KINCARDINE, Ont., Nov. 14.—The body of a man in a life belt from the steamer ARGUS, supposed to have been wrecked during the recent storm on the great lakes, drifted ashore near here today. Nine bodies are reported to have come ashore at Point Clark, nine miles below Kincardine, and wreckage of the ARGUS strewn the shore line hereabouts.

### MEMORY HELD SACRED TO COLLEAGUE

Bar Association Meets With Judges en Banc to Honor Glascock.

President M. C. Chapman Pays High Tribute to Former Oakland Mayor.

In memory of the late John R. Glascock, former mayor of Oakland, district attorney of Alameda county and Congressman, who died at Hollister this week, members of the Alameda County Bar Association, of which he was a charter member and second president, met in the Superior Court this morning and presented resolutions to the judges sitting en banc. Superior Judge W. H. Wastie presided. With him on the bench were Judges T. W. Harris, Frank B. Ogden, William S. Wells, Everett J. Brown, William J. Donahue and Stanley A. Smith of Sierra county.

President M. C. Chapman of the Bar Association paid a high tribute to the departed member.

**TRIBUTE TO DEPARTED.**  
"John R. Glascock stood for justice everywhere. Long ago we were impressed with his courteousness, his kindness of heart and his fearlessness. We were all proud when we heard that a famous institution of California, one famous throughout the world, paused to pay tribute to his memory. He believed that a public office was a public trust to be administered for all the people."

William K. Davis presented the resolutions in behalf of the committee, which consisted of himself, R. M. Fitzgerald and Carey Howard. R. M. Fitzgerald characterized Glascock as a man of "high ideals, dependable and of the highest integrity. He has left a record which others may well follow and emulate," he said. Attorney Howard also spoke briefly and Judge Ogden replied for the court.

### THE RESOLUTIONS.

The resolutions were as follows: In response to feelings of deep esteem for a departed brother, we assemble on this occasion to give voice to our appreciation of the record which he has made, and to offer our testimonial to his character and work.

Death has called John R. Glascock, but the impress of his life's work has been engrained so deeply on the hearts and minds of his fellow citizens that the good he has done will live after him. He was tried in many fields of labor, as a lawyer, a politician, a public official, a legislator, a Congressman, as congressman he served the state and nation, and as mayor he served the city of Oakland.

As a public official, whether serving the state, county or city, he was a man of high character, patriotism, a keener appreciation of duty, or a more honest purpose in every act.

His devotion to the welfare of those whom he represented, coupled with an ability of a high order, and his deep sense of responsibility, brought to him the admiration, respect and esteem of those who differed with him or were opposed to him. As a private citizen his ideals were of the loftiest, his life pure and his companionship always enjoyable and inspiring.

As a lawyer he was true to his oath, fair before the court, while soliciting of his client's interest; a careful adviser, and an earnest advocate, always extending every courtesy if the interests entrusted to his charge would permit. Recognizing his high merit and character, his alma mater, the University of California, recently conferred upon him the degree of doctor of laws.

Resolved, That in the death of John R. Glascock, the bar of this county and state has lost a member whose character and whose work furnish a worthy example for all who undertake the high duties of the profession which he loved and honored.

Resolved, That in the life and record of John R. Glascock, as citizen, as publicist and as lawyer, we recognize the standard and type of manhood that every citizen and member of the law should uphold and emulate.

Resolved, That we extend to his bereaved family our deepest and sincerest sympathy in their irreparable loss, and, as his friends, we claim the privilege to share with them the memory of his lofty character and high ideals.

### FIFTH RAID IS HOODOO OF BURGLARS

Repeated Robberies of Three Weeks Puts Barber On Lookout.

Crashing Glass, Pistol Shot, and Hubbub Accompany Double Arrest.

SAN FRANCISCO, Nov. 14.—Mourning his losses caused by burglars, John H. Flynn, a barber, lay in wait for the robbers this morning, and as a result two men are under arrest at the city prison. The capture of the alleged culprit to the accompaniment of pistol shots, hurrying police, and cries for aid, caused much excitement in the crowded hotel district. Many night caps were poked from windows, and scantily clad figures appeared on fire escapes, while detectives Morris and Knecke with Patrolman Meyers, revolvers in their hands were making the roundup. Flynn, in waiting across from his shop, 281 Eddy street, heard a crash of glass, and realized that the burglars were getting in their work. So did Earl Keffer, clerk at the Hotel Rossby, 217 Leavenworth, who happened to be standing in front. Flynn fired a shot which frightened one of the burglars into seeking concealment in the shop. The second, who had been acting as lookout, ran almost into the arms of Keffer. He proved to be Albert Lipp, a 39-year-old barber, who had been in the neighborhood of the Rossby for some time. Patrolman Miles ran up and handcuffed him. The police automobile arrived in the meantime and detectives Knecke and Morris cornered Vernon Ranklin in the barber shop, with cigarettes and a razor on his person, which had been taken from the place.

He admitted the crime and also that Lipp had been his lookout. Both men were booked for burglary.

### Marathon to End With Natives' Dance

Opening the evening's festivities with a marathon race through the city streets, the first annual indoor picnic to be given tomorrow night in Eagles' hall by Fruitvale Park of the Native Sons will close with dancing, when there will be an exhibition of the range, which promises to be a fitting climax for the unique entertainment.

R. B. Felton, general chairman of the committee having in charge the benefit for the band and drum corps of Fruitvale park, has announced that all arrangements are complete and that interest taken in the affair by patrons on this side of the bay foretells a large gathering for the initial event of the season in Native Sons circles.

The marathon race will start promptly at 7 o'clock in West Oakland with teams representing Bay View and Berkeley parlor, competing for honors and medals. They will be received at the hall by the picnicers. After the race the remainder of the evening will be spent in the hall with indoor sports and various forms of other entertainment.

Booths galley decorated and in charge of pretty girls will surround the inside of the hall. Among those who will take part in the tango dancing will be Miss Avis Kinnitt, a well known East Oakland girl. Music will be furnished by the Prince of Wales parlor and refreshments will be served during the evening.

### Mexicans Wreck Aerial Exhibit and Cause Explosion

LOS ANGELES, Nov. 14.—Tony Antonelli, arrested for selling toy balloons without a license, told his stock in trade on a chair in Police Judge Williams' court yesterday and got ready for an eloquent appeal to the judge. Just then two Mexicans came into the room and sat down. A report like dynamite set off by a section boss brought them to their feet and their faces

door. A negro sitting in the docket groaned and declared that he had been shot.

When the commotion ceased Tony was seen wringing his hands and pointing ruefully at some rubber in the chair where the Mexicans had been seated. The shreds of evidence were shown and the noise explained.

### ARMY AVIATOR KILLED AT MANILA

Lieut. C. Perry Rich Drops in Sight of Atlantic Fleet.

MANILA, Nov. 14.—Second Lieutenant C. Perry Rich, of the Philippine Scouts, U. S. A., was killed today in a fall with a hydro-aeroplane into Manila bay.

Lieutenant Rich, who was the only member of the Philippine Scouts attached to the aviation corps here, was enacting the Asiatic fleet, which was en route to the bay, when the accident occurred.

### LAUNCH SENT OUT.

A launch from the torpedo boat Decatur was the first of many craft to reach the scene of his fall. His body was picked up with life almost extinct, but it was too late to save him.

The accident was due to a faulty cylinder in the motor. Lieutenant Rich discovered the defect before he left the ground and at first decided to abandon his flight, but he afterward repeated the cylinder and ascended. He had risen 200 feet and was making a preparatory try around the fleet before starting on his intended flight over the vessels, during which he was to attempt to drop a bomb on one of them, when his motor broken down again.

### NATIVE OF INDIANA.

Lieutenant Rich was born in Indiana in 1883 and was appointed to the Philippine Scouts in 1911. He is the eleventh aviator to die in the work of the army and navy. In aviation accidents of all kinds the world over since 1908, 414 have met death, the toll for the present year to date being 195.

### NON-SALE GAME LAW IS CAUSE OF PROTEST

PORTLAND, Ore., Nov. 14.—Portland hotel managers have joined in a demand for a change in the state game laws, which prohibit the sale of wild ducks and geese. They assert that the prohibition of sale restricts the wild ducks of the state to a few hunters and their immediate friends and does not give the majority of people a chance to taste wild game.

### ESCAPE ONE WRECK; DIE IN SECOND

Passengers of Derailed Train Killed by Passing Freight.

Deaths in Eufaula, Alabama, Wreck Reach Total of Fourteen.

WOOSTER, Ohio, Nov. 14.—Four persons were killed and a dozen injured, one probably fatally when eastbound Pennsylvania train No. 17 was wrecked near here last night. The passenger train was derailed, falling on another track in the path of a freight train and the second wreck caused the fatalities.

The dead are: Harry Kreska, Shreve, Ohio, passenger; F. E. Amos, address unknown, houseman; Brakeman Schable, Allegheny Pa.

The engine and tender and baggage cars leaped the track under the viaduct where the Baltimore & Ohio railroad crossed the Pennsylvania, four miles west of here. The panic stricken passengers rushed out of the train into the path of a westbound freight train. Engineer C. M. Crease of Allegheny, Pa., was badly scalded, and it is feared he may die.

Fireman Gasoline of Allegheny, and Express Messenger Demarest of Mansfield also were seriously injured but they will recover.

The greater part of the passengers, who had crowded out on the track in the freight train's path leaped into a creek at the foot of the embankment and were killed. One of the passengers, a traveling salesman, stood at the exit of one coach and fought with the passengers, who tried to get out, probably saving the lives of many of them.

### FOURTEEN KILLED.

EUFULA, Ala., Nov. 14.—Two of the injured in the wreck of a Central of Georgia passenger train yesterday, died late last night, bringing the total dead up to fourteen. Seven persons were fatally injured, according to physicians.

A broken rail is said to have caused the accident. As the crowded excursion train rounded the curve the three cars at the rear, packed with passengers, suddenly left the track, and breaking away from the others, rolled down the steep embankment. The coaches were demolished.

### Bank Robber Hunt Is Growing Hotter

PRINCE RUPERT, B. C., Nov. 14.—The only where the robbers of the Union Bank at New Hazelton, set to drifts their loot has been found. The man hunt continues day and night under provincial constables. The robbers are believed to have stowed away in the logging on Rocher de Boule peak. Manager Tash of the four-day, set to drifts the loot at 116,108 in gold, silver and bills. Clerk Fenton, at the point of a gun, was ordered to open the safe, which he did. He was then escorted to the bedroom, behind the office, and told to lie face downward until midnight. He stayed in the room for twenty minutes, finally giving the alarm after the shooting of Clerk McQueen, who arrived here last night to receive X-ray treatment.

## TO LECTURE ON ROME AT FRANKLIN SCHOOL

An illustrated lecture on "Rome, the Eternal City," will be given tonight at 8:15 o'clock, at the Franklin school, corner of Ninth avenue and East Sixteenth street, under the auspices of the Board of Education. Ford E. Samuel of Alameda, who spent six months in the city of Rome, going for the express purpose of collecting photographs from which the slides for this lecture were made, will be the speaker. For several years Mr. Samuel has delivered this and other lectures before women's clubs and kindred organizations all the way from Seattle to San Diego. There are 150 beautifully colored slides and with their aid Mr. Samuel takes his audience with him on his travels about the City of the Caesars. Although Mr. Samuel is a professional, he is giving this lecture to the city of Oakland.

Following the custom that has been in

vogue for some years past in New York and other Eastern cities, the Board of Education of this city is giving two lectures a week of this type in the various Oakland schools, which are destined to be a return in part to the taxpayers for their part in helping maintain the school system of the city.

## PUBLICITY DIRECTOR TO MAKE SOUTHERN TOUR

Planning an active publicity campaign in the south to bring tourists to Oakland, Grace Hull, publicity director for the Hotel Oakland, left today for Los Angeles, where she will be for the coming week visiting the large hotels and commercial organizations. She will personally visit all large hostesses and start a system of co-operation which, it is expected, will result in many visitors to this state learning of the attractions of the bay region.

## CITIZENS' FORUM HAS DISSENSION

Organization Committee Declines to Sign Plan Projected by A. W. Pattiani.

A. W. Pattiani, of Alameda, lecturer on "Water District Projects and Advocates of Reform," proved the issue of contention last night, when the project of a citizens' forum, planned by the Alameda County Civic Association, came before that body at its meeting in the chamber of Commerce rooms. Pattiani was not a member of the committee appointed to draw up the plan, but he had volunteered to help, and had practically drawn up the entire report. Then he signed it. At the meeting the other committee members, declaring that Pattiani was not on the committee, and had no right to sign, declined to affix their own signature. Words ran high; Pattiani told them to

resign, and finally the association placed the entire matter back in the hands of the committee again. President C. F. Gorman added E. C. Kayser and John Gelder to the list of committee members.

Pattiani's plan was not what the association members desired, it is declared. He calls for the election of delegates to the proposed forum from districts. President Gorman declares that the plan is not what the association desired, and backed by most of the members, insists that delegates be elected from districts.

The committee had expected to meet before the regular association meeting to perfect its plans, thrash out the matter of who should sign the report, and avoid the scene which occurred in the session, but several members were late. As a consequence, when the meeting was called to order, the report signed by Pattiani, awaited the membership.

"No committee members have signed this," declared Gorman.

Dr. Carl Waller, A. Hilton, and Dr. O. R. N. Clow then explained that they were in doubt as to whether they should sign, inasmuch as Pattiani was not a member. Pattiani, angered, declared that they could go ahead without him then but that he had been invited to aid them. According to committee members, he volunteered his aid, and they had nothing to do but accept.

Pattiani first appeared in the Civic Association, when he appeared to lecture on municipal water districts. At this time the forum plan was launched, and he agreed to aid.

For some time last night, the argument ran high as to who would sign the report, and who would not. Finally President Gorman declared that he would refer it back to the committee, ordering that the political aspect be removed and the delegates chosen from organizations and other districts. Gelder and Kayser were then added to the committee.

It was stated last night that Gelder's advent in the committee will probably mean the retirement of Pattiani, as the two men disagree on many subjects, and especially in regard to the choosing of these delegates.

The "Citizens' Forum" plan has grown out of a movement started for the formation of a convention to consider the water district question, and it is understood that under the auspices of the association it will also take up the proposed public traction line. The committee will make its full report November 26.

Dr. Carl Waller of the hospital committee was instructed to apply to the Board of Supervisors to let voting on the date of the county infirmary bond election until December, pending discussion by civic organizations.

Women were seated last night for the first time as delegates to the organization when Mrs. A. C. Christensen, Mrs. Buergemeister and Mrs. Rounsevell appeared, representing the Women's Council east of Lake Merritt.

Plans for a meeting to be held at the rooms of the Santa Fe Improvement Association on November 25 were outlined. This to consider plans for the new county hospital, Dr. J. M. Waller, Dr. C. S. Keller, president of the Board of Education, Probation Officer Christopher Russ and M. L. Regua, with Dr. Carl Waller, will be asked to speak.

## STRIKE IS QUIET; TRAFFIC HELD UP

HOUSTON, Texas, Nov. 14.—No disorder has been reported early today among the 2500 skilled employees of the operating department of the Southern Pacific lines, between El Paso and New Orleans, who went on a strike last night. Aside from two transcontinental trains said to be en route, reports indicated general suspension of traffic.

Just before the walkout went into effect, an offer of government mediation was received at union headquarters. The employees' leaders replied that the only possible way to avoid a strike was for the railroad to meet the federated committee of the four unions involved—the engineers, conductors, firemen and trainmen. Such a conference had been the main point of the railroad's objection during negotiations.

The company today was said to be preparing to install strikebreakers, with the aim of restoring passenger train service at least. Places for housing such employees are said to have been arranged at different points along the Sunset Lines.

SIXTY-SEVEN COMPLAINTS. The employees' sixty-seven complaints involve demands for reinstatement of many engineers and others, declared to have been discharged in violation of contracts; alleged excessive imposition of demerit; assert many reports and other information are requested outside of company time and ask regulations of lay-overs away from home terminals. Some of the more important complaints, in the words of the grievance committee are:

"Complaint against letters of a harsh nature concerning conduct from subordinate officials."

"Discontinuance of moving engines in trains under steam without engineers."

"Request engineers be allowed all boiler heads and side sheets be covered."

"Request that men be allowed to report for duty by telephone."

"Protest against method of re-examination of men on eye-sight, hearing and color perception."

"Claim for \$3.75 rate for firemen."

OPPOSITE EXAMINATIONS. "Protest against the re-examination of

employees by the company and mechanical re-examination of engineers."

The question of wages is involved only in that it is claimed the construction of engines, conducted by the company, causes the wages of the men.

## ROADS FIGHT FOR RIGHT OF WAY

Northern Electric Enjoins Oakland-Antioch From Removing Former's Tracks.

WOODLAND, Nov. 14.—Fearing that the Oakland, Antioch and Eastern Railroad company might, across restrained by the courts, tear out a switch and remove a track belonging to the Northern Electric Company situated near the M-street bridge, Sacramento, the latter began suit here yesterday against the Oakland, Antioch and Eastern and secured a temporary injunction restraining the company from removing the switch and track until settlement is made in court as to what rights the two companies have to the switch and track involved.

Under Sheriff Hillhouse and a score of Northern Electric track men went to the scene early this afternoon and remained there tonight. At a late hour the Oakland, Antioch and Eastern would attempt to carry out their threat to remove the track, and hence the injunction papers were ordered by the court.

T. T. C. Gregory, president of the Northern Electric Company, stated today that he thought the matter had been thoroughly adjusted Tuesday at a meeting of the officials of both companies. He says that the Oakland, Antioch and Eastern Company has no more than a right of way to the track and switch involved, and that the property belongs to the Northern Electric Company.

CLAIMED BY BOTH ROADS. The Oakland, Antioch and Eastern contend that the track and switch are theirs.

President Gregory authorized the following statement:

"In order to provide facilities for the West Sacramento branch, the Northern Electric and the Yuba City road were prepared to install a track for local street car service. The right of way was acquired by the Vallejo and Northern, and afterward transferred to the Northern Electric Company. The track and equipment were built by the Vallejo and Northern and the Vallejo and Northern carried the Oakland, Antioch and Eastern the right to operate over it. For the convenience of the Oakland, Antioch and Eastern, they were permitted to construct another track parallel to the first track. In the construction of a street car track it was necessary to have the side track, which was built under this permission. We noticed them, but they took out the switch."

## FAILED TO HAVE WAGON LICENSE; ARRESTED

ALAMEDA, Nov. 14.—The police are continuing their crusade against those who fail to display licenses on their wagons and yesterday Lewis Leverette of 4801 East Fourteenth street, and W. H. Redwood of 400 Broadway street, Oakland, were taken into custody. They were released on \$5 bail and told to appear before Police Judge R. B. Tappan November 15.

## IN SOCIETY

**IN HONOR OF MISS NICOL.**  
An important announcement in social circles this afternoon was the engagement of Miss Frances Calkins to John R. Case Jr. of Chicago, formerly of San Francisco. The announcement was made at a large affair at the home of Mr. and Mrs. F. M. Smith at Arbor Villa at a large tea this afternoon, at which several hundred guests were present. Miss Calkins is a niece of Mr. and Mrs. Smith, and is now visiting in Oakland. Case is prominent in athletic circles, having won the first place in the hurdle races this season in San Francisco. The exact date for the wedding has not yet been set.

**WINTER ASSEMBLY.**  
Two hundred members of the younger set will be present this evening at the first dance of the season of the Winter Assembly.

**ENGAGEMENT ANNOUNCED.**  
A pleasant surprise came with the announcement of the engagement of Miss Marie McHenry, daughter of Mr. and Mrs. Frank T. McHenry of Hillside avenue, Piedmont, and Leonard Scott of Alameda. Both young people are prominent in college circles. Scott at Stanford university, of which he is a graduate and a member of the Delta Kappa Epsilon fraternity, and McHenry of the University of California, where she is a prominent member of the Kappa Kappa Gamma sorority. The wedding is to take place in the spring.

**TEA FOR MISS BOYD.**  
One of the large luncheons of the week will be that given this afternoon at the residence of Mrs. Robert Hilliard Collins at her home in San Leandro for Miss Nellie Boyd, who will sail for her home in Los Angeles tomorrow. Miss Boyd was a former San Francisco girl and her short visit here of two weeks has been most pleasant to a number of friends and dinner guests in her honor by her former friends.

**CHAPERONED AT THE DANCING.**  
Among those who attended "The Dancant" this afternoon across the bay were Miss Margaret Pastwette and her guest of honor, Miss Marguerite Cardell, a popular Los Angeles belle, who is now visiting at the Westrest home in Alameda. Mrs. Frank Lynn chaperoned the party, which included a score of young ladies. Sunday Miss Pastwette and her guest will be honored with a dinner at Palo Alto, at one of the fraternity houses, both girls being prominent in sorority activities.

**SURPRISE PARTY.**  
A jolly surprise party was given in honor of Miss Van Hagan at her home in Forty-first street, when a large party of friends arrived for the evening, and

later a sumptuous repast was served, at which many beautiful gifts were presented to Miss Van Hagan, who is the superior of the girls' department of the Oakland Playgrounds. Many of those present included members of the "Women's Out-door Club."

**DENNISON CLUB.**  
"Easy Ways of Doing Housework" was the subject discussed by the members of the Dennison East Oakland Club on Wednesday of this week. With Miss L. Brodie presiding for the afternoon, many helpful ideas were exchanged by the ladies. A social cup of tea was served later in the afternoon. Next Wednesday, November 19, the subject for the afternoon will be "Housekeeping in Grandmother's Day."

**CARDS FOR DANCE.**  
Cards have been sent out for a dancing party at the residence of Mr. and Mrs. T. C. Martin in honor of their daughter Miss Emily Martin. November 22, is the date for the event, and more than 60 invitations have been issued for that occasion.

**TO WED IN SPRING.**  
At a smart tea at the home of Mrs. Egbert Stone, the engagement of Miss Helen Stone was made known, to Fritz Hinckley, son of Mr. and Mrs. H. Hinckley of Oakland. Miss Stone is one of the most attractive members of the debutante set, and is a niece of Miss Jennie Stone. She is a member of the Greenways, and with her sisters, Miss Harriet and Miss Marion Stone, has taken a prominent part in social events this season.

**BRIDE-ELECT HONORED.**  
In compliment to Miss Ina Connor, whose wedding will be an event of next month, Miss Marguerite Durney will be hostess at a luncheon and theater party November 22.

**CARDS FOR BRIDGE PARTY.**  
Cards have been sent out by Mrs. J. W. Morton of Calmar avenue, for a large bridge party, for the afternoon of November 21. In the guest list will be included many of the maids and matrons from both sides of the bay.

**ORGAN RECITAL.**  
The second of the series of organ recitals under the auspices of the American Guild of Organists will take place in the First Congregational Church, Twelfth and Clay streets, Sunday November 16, at 2:30 p. m. Harry Joy will be organist, assisted by Edwin Chamberlain, pianist. The program planned for that date is as follows:

**LUNCHEON ABOARD CUTTER.**  
A smart affair that will be given Sunday afternoon aboard the Revenue Cutter McCullough will be the luncheon given by the officers for a number of the younger set and their chaperons. Among those who are to be present are Miss Dorothy and Miss Phyllis Capwell, Miss Frances Ramsey and many others from this side of the bay.

**LAST DANCE OF SEASON.**  
The last dance of the season to be given by a club composed of many of the fashionable young women, also Miss Fowey, Misses Elizabeth Orich, Miss Marjorie Cogan, Miss Alice Rhine, Mr. and Mrs. Jack Van Sickle, Mr. and Mrs. Jefferson Moffitt and many others, will take place Tuesday evening at the Claremont Country Club.

**EDISON SAYS THAT FADS WILL NOT LAST**

NEW YORK, Nov. 14.—"Fads and extremes have been common in all ages," said Thomas A. Edison, discussing things generally.

## UNLUCKY 13 MADE LIGHT OF BY WOMEN

**S**AN FRANCISCO, Nov. 14.—Thirteen at table, crossed eyes and broken mirrors lost all of their evil charm as hoodoos yesterday at the breakfast of the Council of Jewish Women, held in the Norman hall of the Fairmont. On the thirteenth day of the year 1913, at the "13th hour" of the day, the women declared their emancipation from all traditional fears and badluck omens, making a toast to the "13" hoodoo.

Miss Ada Goldsmith, president of the council, conceived the idea of making this year's birthday celebration a defiance of all traditions in the matter of bad luck charms, and the result of her planning was a delightfully original program, presented under the direction of the "guiding genius," Mrs. M. C. Sloss.

One of the features of the afternoon was the "dance of spring," by Miss Margaret Marx.

## JEWELS ARE STOLEN FROM MRS. BANNING

LOS ANGELES, Nov. 14.—A gold mesh bag containing valuable jewelry was stolen from the automobile of Mrs. Hancock Banning as it was standing in front of the Banning clubhouse at Thirty-fourth and Hoover streets.

According to the report made to the police, the bag contained a pearl necklace fourteen inches long with diamond pendant set in platinum, a wedding ring inscribed, "From H. B. to A. O. D. 1890," a gold watch and a gold watch pin, shape of three-leaf clover, set with two rubies and a diamond.

## THIRTEEN LUNCHEON FOR MISS JESSIE WILSON

WASHINGTON, Nov. 14.—Miss Jessie Wilson, the White House bride-to-be, was the guest of honor at a luncheon given yesterday by Mrs. Josephus Daniels, wife of the Secretary of the Navy, at her home. Thirteen guests sat down to the luncheon table and Miss Wilson is to be the thirteenth bride of the White House.

Miss Genevieve Clark, daughter of Speaker Clark, presented to Miss Wilson a small stone cross attached to a chain. It came from Virginia, where the stone is regarded as a "luck piece."

## WOMAN PLEADS TO BE SAVED FROM NOOSE

## Art of Mrs. Wilson Shown Paintings Are on Exhibition

MRS. WOODROW WILSON, WHOSE FIRST PAINTINGS WERE PLACED ON EXHIBITION TODAY.

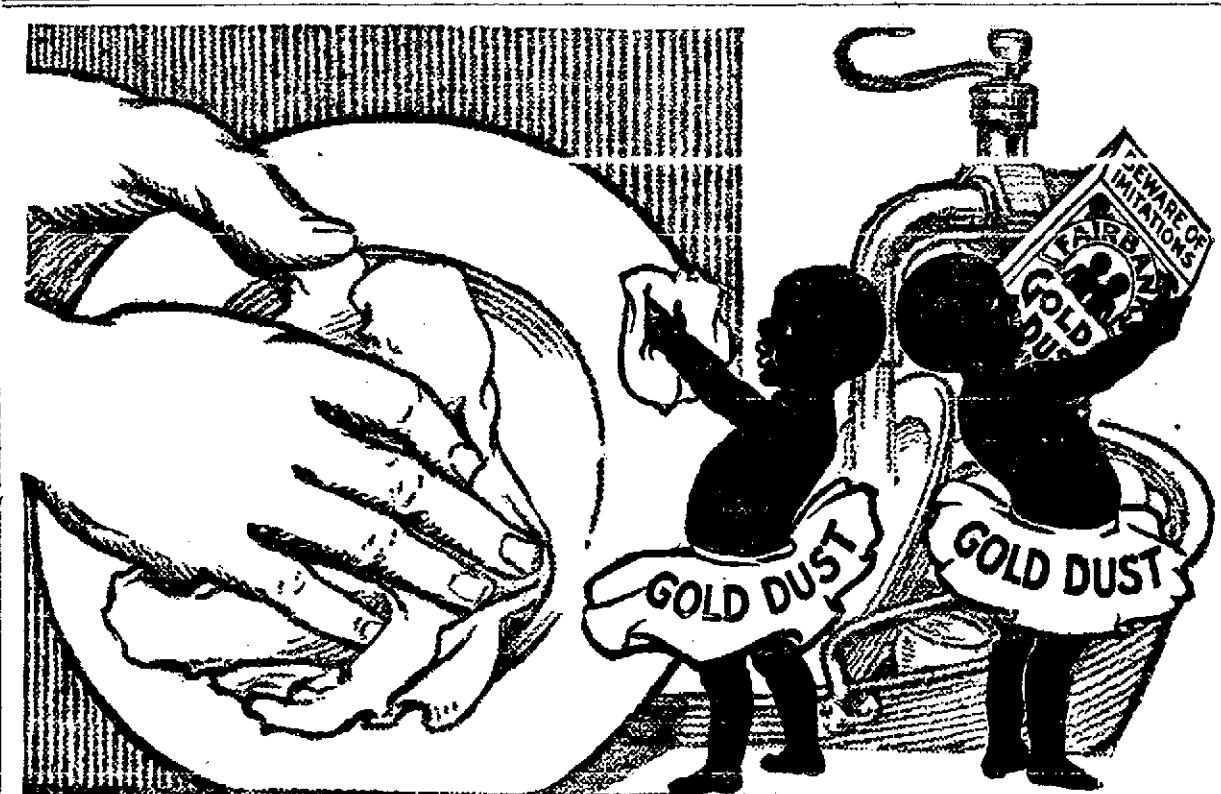

NEW YORK, Nov. 14.—The first paintings by Mrs. Woodrow Wilson to be seen in New York were placed on exhibition today by the Association of Women painters and sculptors. There are five oils done by Mrs. Wilson, while she was at the President's home at Cornish, N. H., last summer. Mrs. Wilson will be here next week to view her own work along with that of the other women artists. There is also an exhibition of other sculptors' work.

## POLICE WOMEN MAKE PAPER DECORATIONS

LOS ANGELES, Nov. 14.—Chief Sebastian has found new labors for his \$75-a-month police women. He has them putting in their spare time making paper poppies, the floral emblem of the state, with which to decorate the city jail. Police headquarters will then be a prison de luxe since it is already decorated with masses of palms, the water-

ing of which is the bane of the trustees. It was the original intention to allow the women prisoners to make these flowers, but when a canvass of the female prisoners was made, none with sufficient artistic temperament to put the paper flowers together could be found, and the chief decided to give the women officers something to do. Accordingly, they are now putting in their time in the supply room making paper flowers, and when they are through Chief Sebastian says he will have the best-kept and most artistic police station in the United States.

### INSTITUTE OF BANKING TO HEAR FINE ADDRESS

James K. Lynch, vice-president of the  
First National Bank of San Francisco will  
address the Oakland Chapter of the  
American Institute of Banking Thursday  
evening at 8 o'clock. Numerous other  
events are being planned by the organiza-  
tion. These include lectures on credit in  
Mexico by Prof. W. D. Armes of the  
University of California; Spain; ad-  
dresses on educational work in Central  
American republics by Prof. Barrows,  
acting head of the University of California;  
lectures on the Bortillon system of  
finger prints by Inspector Caldwell of the  
Oakland Police Department and other  
interesting and instructive addresses. A  
bowling tournament, swimming races,  
tours to various industry centers in the  
vicinity and other similar events are also  
being planned.

**COUNCIL TO MEET.**  
ALAMEDA, Nov. 14 — J. G. McPherson,  
superintendent of the electric lines  
of the Southern Pacific company, will ap-  
pear before the city council at its com-  
mittee session this evening. Many mat-  
ters concerning the service given this  
city by the company will be discussed.

### EXTRA SUIT TAKEN BY MISSING MAN

Relatives Think Frank Jones  
Planned to Suddenly Drop  
From Sight.

ALAMEDA, Nov. 14.—Further mystery  
has been added to the disappearance of  
Frank M. Jones by the discovery that  
an extra suit of clothes is missing from  
his home at 2236 Lincoln avenue. This  
has led to the theory that Jones intended  
to drop out of sight, thinking to make  
people believe he had committed suicide  
by leaving his effects on the ferryboat.  
Jones had been married a little over a  
year, his wife being the former Miss  
Mary Messner, a member of a pioneer  
family of this city. He had always  
seemed happy, his wife says, and she  
cannot assign a reason for his disappear-  
ance. His employers, the Crane Company  
of San Francisco, say that there was no  
trouble and he was regarded as one of  
the best men there.

He has \$12,000 worth of property, and  
she wants part of it.

**MAY HAVE DISAPPEARED.**  
It is believed that he plotted to dis-  
appear suddenly. He left his home Tues-  
day morning earlier than usual and pre-  
sumably took an extra suit of clothes  
with him. He probably changed his  
clothes on the boat and left the coat,  
vest, overcoat, hat and lunch-basket on  
the ferryboat.

The second officer of the Bar City, Al  
Anderson, and the captain, however, hold  
to the theory that he committed suicide  
by leaving from the upper deck of the  
ferryboat. There are but few pas-  
sengers on the upper deck of the steamer  
on the early trip and he could have  
jumped without being detected. It is dark  
at that hour and if he did end his life  
in this manner the mystery will probably  
not be unfolded until the bar waters give  
up their victim.

**TAKEN ILL ON STREET.**  
ALAMEDA, Nov. 14. — W. J. White-  
side, an engineer in the employ of the  
Pacific Gas and Electric company, was  
taken suddenly ill late yesterday after-  
noon while walking along Park street  
and was removed to the Emergency hos-  
pital. He was attended by City Physi-  
cian Arthur Hieronymus and later  
went to his home, 541 Myrtle street,  
Oakland.

### BAY PILOT MAKES AFFINITY CHARGES

Fred C. Boehmer Says That  
Wife Was Fondler of  
Another.

Declaring that his wife has transferred  
her affections to George H. La Violette  
of San Francisco, Frederick C. Boehmer,  
bay pilot of Alameda, commenced his  
suit today for divorce from Hilda M.  
Boehmer, alleging numerous acts of in-  
fidelity in a complaint of twenty closely  
typewritten pages.

Plaintiff charges that his wife visited  
with La Violette on the ark "Dawn",  
lying in the Oakland estuary, that she  
told him that she would "soon be seen  
with a Chinaman with him," that she  
would not return to live with him  
and that she had visited cafes with other  
persons, remaining away until late at  
night.

In an answer and cross-complaint filed  
today, Victoria Apparius denies al-  
legations on that part of H. W. Apparius,  
and says that he did many of the things

he has \$12,000 worth of property, and  
she wants part of it.

"If I was single I would never get  
married again. I am tired of married  
life," Charlotte Garner says. Walter A.  
Garner told her, and now she is suing  
him for divorce.

Alleging desertion, Edward Wagner  
wants a divorce from Margaret Wagner.  
The couple were married in Oakland last  
year.

### STREET CARNIVAL PLANS PROGRESS

The newly organized West Sixteenth  
Street Improvement Association, com-  
posed of the business men of the western  
section of the city in the vicinity of the  
Sixteenth street depot, has decided to give  
the big midwinter carnival, which will be  
held to call attention to the rapid indus-  
trial growth of this section, from De-  
cember 9 to 14 and plans are being com-  
pleted. Headquarters have been opened  
at 1757 Sixteenth street and ballot boxes  
for the big queen contest will be in-  
stalled there in a few days. There will  
be candidates from the northern and  
eastern sections of the city and from the  
western and it is probable that the  
Southern Pacific Company, which will co-  
operate with the committee, will enter a  
candidate.

With the vast waterfront improvements  
now being made by the city, and the com-  
ing of the new and modern buildings, and  
other private enterprises, the resi-  
dents of this section are eager to show  
Oakland and the other east bay munici-  
palities the strides that have been made.  
It is understood that negotiations are  
now under way for the purchase of the  
old Moore estate which extends from  
Wood street to the waterfront, on Six-  
teenth street with a depth of 300 feet by  
the Southern Pacific Company. The com-  
pany controls most of the property from  
Seventh to Sixteenth streets and from  
Wood street to the waterfront and this  
big territory is to be improved before the  
opening of the Panama-Pacific Interna-  
tional Exposition in 1915.

A benefit baseball game between the  
Boyle and Lawlor team and the Mission  
Terrace Club of San Francisco will be  
played at the ball park at Eighteenth  
and Wood streets Sunday. The Boyle  
and Lawlor players will also play during  
the carnival.

### Car Wrecks Buggy; Driver Escapes Injury

MELROSE, Nov. 14.—An eastbound  
Hayward electric car crashed into a  
buggy, driven by J. J. Pidge, collector for  
the Brilliant Jewelry Company of San  
Francisco, last night, demolishing the  
buggy and injuring the horse so badly  
that it had to be shot.  
The horse and buggy,  
which were hired from C. H. Nor's livery  
stable, 1575 Seventh street, were cross-  
ing the track at the time and were struck  
by the car before the motorman could  
pull up. The driver was thrown from his  
seat but escaped with a few bruises.

### LEET SAYS 'YOU CAN HAVE MY JOB'

Supervisors May Add "Yes"  
and Reserve Right to Dis-  
charge Employees.

Declaring that the supervisors could  
"Have his job if they wanted it," R. A.  
Leet, member of the Probation Com-  
mittee, today in a stormy session with  
the Board of Supervisors rebuffed  
closed doors, demanded that the com-  
mittee be given all right to employ or  
discharge employees, and that Mrs. J.  
Ross, appointed by them to fill the place  
from which Miss Besse Haynes, as-  
sistant probation officer, resigned, be  
officially placed on the county payroll.  
The supervisors informed him that a decision would be  
reached Monday.

The supervisors appeared in a  
body before the supervisors, demanding  
that Mrs. Ross be employed. Her ap-  
pointment had been held up by the  
supervisors following the discovery that  
the resignation of Miss Haynes had been  
forced, and at the time charges were  
made by Supervisors Mullins and Foss  
that the probation officer was doing politi-  
cs in his department.

Leet urged a permanent settle-  
ment of the question for the good of the  
city, but Leet, becoming angry, jumped  
to his feet, demanding that the board  
leave the matter in the committee's  
hands.

"Why can't we fire and hire who we  
wish?" he demanded. "I certainly ob-  
ject to these interferences. If you people  
want my job you can have it."  
Leet asked no question of that," re-  
torted Chairman Mullins, "and no call  
for anger. We will give you no answer  
now, but will decide and adjust the  
matter Monday."

"Why can't you give us your answer  
now?" asked Leet.

Leet said: "We want to  
look into this matter a little first. We  
do not want to hurt the probation com-  
mittee, but all we want is to do it  
properly. You must wait until then."

Richardson then interposed, declaring  
that there was reason for anger and that  
the board could be relied upon to do  
the right thing.

**SITE FOR HOME.**  
The major proposed site for  
the probation home was also taken up  
by the committee reporting that the site  
desired at Sixteenth and Poplar streets  
could not be secured. They were in-  
formed that they could submit new sites  
Monday. This will be done, the mem-  
bers of the committee having several in  
mind.

The session lasted more than two  
hours, during which the matter of the  
detention home employees was thrashed  
out from its beginning. The supervisors  
were firm in their refusal to give an  
answer to the demands of the committee  
until the next official meeting.

**PLACE LEFT VACANT.**  
At the time Miss Haynes' resignation  
was filed Probation Officer Christopher  
Foss was reported to be in the city.  
Foss was bitterly scored by  
Foss and Mullins, and when Mrs. Ross  
was appointed to fill her place the matter  
was referred to the committee of the  
whole, leaving the place vacant. The  
committee has power to appoint but not  
to remove, hence the deadlock. Until  
the committee meets, the vacancy  
name cannot be placed on the payroll.  
The matter of appointing another pro-  
bation officer deputy has been held up  
by the board.

### TELEPHONE TROUBLE IS LAID TO LITTLE BUG

SAN FRANCISCO, Nov. 14.—Rugs are  
responsible for the unsettled condition of  
the telephone service according to D. P.  
Fullerton, who attends to the wire service  
for the local telephone company. Since  
the rain started falling, the telephone  
company has been flooded with com-  
plaints of interrupted wire service. The  
service, it was said, was especially er-  
ratic between here and San Mateo, Santa  
Clara and San Jose. The reason for all of  
the trouble is an insect which eats its way  
through the cable and then proceeds to  
stop any communication. The bug only  
appears in the wet weather.

### PORTOLA PARTICIPANTS TO BE ENTERTAINED

ALAMEDA, Nov. 14.—As an honor  
to the members of the Alameda division  
in the recent Portola pageant in San  
Francisco, the North Side Improvement  
club will entertain this evening at Mc-  
Kinley hall Walnut street and Buena  
Vista avenue. A program of musical  
numbers has been arranged, and  
speeches will be made by both hosts and  
guests.

Maude Aerie of Eagles will be among the  
guests this evening.  
One of the features of the affair will  
be the presentation of the trophy to  
Katherine Hoglund, mascot of the Por-  
toja, who was the best unit in the Ala-  
ameda division during the parade.

**MISS HUNTINGTON  
HOME-LIFE LOVER**  
NEW YORK, Nov. 14.—A sixty-million  
dollar stomach is no different from any  
other—it's the surest way to its owner's  
heart. That's why Helen Dismore  
Huntington, the beautiful society girl of  
Statenburg, New York, who is soon to  
wed Vincent Astor, is going to revivify  
over her own kitchen. She is noted as  
a culinary artist, and says that no hired  
cook is going to tickle hubby's palate  
while she can make flapjacks that melt  
in one's mouth, chicken and casseroles, or  
steak smothered in onions, dear to the  
heart—or stomach, rather, of any man  
with a real masculine appetite.

When the engagement was announced  
young Astor, heir to sixty-five millions,  
the catch of the season from a mother-  
in-law's standpoint, and petted darling of  
New York society, declared that he was  
proud of his fiancée because she was  
just a "plain American girl, a good cook  
and a lover of home life." Astor says he  
is tired of the gay doings of the social  
world, that beeksteak and onions make  
a bigger hit with him than frog legs,  
and that "heaven send" sounds far better  
than "consomme de bean" any day.

Miss Huntington is the daughter of  
Mrs. Robert Huntington and is the grand-  
daughter of the late William B. Dis-  
more. She is noted as an athlete and a  
motoring enthusiast. They will make  
their home on the old Astor estate after  
the wedding.

Eddie Miller, Bantam King, to Meet Shifty Boston Lad, Willie Mack.

**TONIGHT'S PROGRAM AT PAVILION RINK, San Francisco:**  
Johnny Soudenberg vs. Kid Krantz.  
Eddie Miller vs. Willie Mack.  
Walter Scott vs. Kid Exposito.  
Jack Murphy vs. Sailor Wilson.  
Paul Pollack vs. Bubbles Robinson.  
Frankie Jones vs. Joe Stanton.  
Soldier Bender vs. Ray Richardson.  
Ralph Gruman vs. Joe Conley.

**By THE TIMEKEEPER.**

**K**ID KRANTZ and Johnny Soudenberg head what promises to be an excellent card of attractions at the San Francisco Pavilion tonight. There are nine contests and the program is well balanced. The boys have been so well matched that the majority of the events look like even money propositions. Krantz has been showing his old time form of late and none of the middleweights has met in the last year have been able to do anything with him. He recently boxed a six round draw with Mike Sullivan and after knocking out Jack Fitzgerald in six rounds boxed a 20-round draw with Frank Mantell.

In Soudenberg, Krantz will meet one of the toughest boys in the business. The Omaha lad has been hooking up with the best of his weight and has lost only one shade decision since he arrived on the coast. He has a large following and it would not be surprising if he was made favorite over Krantz to night.

Eddie Miller will meet Willie Mack in one of the special events. Miller is the king of the bantams but this Mack party who comes all the way from Boston is said to be a mighty shifty youngster and it is up to Eddie to have a scare.

Jimmy Fox will line up against Bob Ziman, another new comer. Ziman claims Chicago as his home and has a long string of victories to his credit. Walter Scott and Kid Exposito are also on the program and several other good bouts will be dished up.

**BURNS AND MCCARTHY SIGN.**

Two of the best fighters in the world have signed articles to travel 20 rounds at the Pavilion rink a week from Friday night under the auspices of Eddie Krantz's management. Burns and McCarthy, acting for Grande closed the match last night. The boys will weigh in at 160 lbs. at 10 o'clock on the evening of the event.

**NOW JIMMY'S BUSY.**

They'll never rule Jimmy Rohan off for not trying. That is the one clinch bet on Broadway today. Having signed for 20 rounds with Jimmy Burns, of Canada, to tackle for ten rounds with Joe Azavedo, the untried champion of Portugal at the Whelan club, Wednesday evening, Rohan proceeded to back up this stellar attraction with a 20 round bout between boys of all the nations. He could not find a single name in the list of boys signed to don the Red Levisons. Wednesday night, are a Chinaman, Indian, Irishman, Spaniard, Swede, Welshman, Scotchman, Englishman, Portuguese, Frenchman.

**Lee Carlo, the pride of Chinatown who was discovered by Impresario Rohan**

batting a flock of wild chop suey in the heart of Chinatown will be hooked upon to don the gloves with Kid Lucky of Italy. If the latter is real lucky he will fracture an ulna or break a leg or something before the contest. This Chinaman has not the least bit of sense. He never heard of ring etiquette and is the nearest thing to perpetual motion in the annals of the ring.

**Then comes another kid, Kid Zacher,**

a Sioux Indian who has picked young Huerta of Mexico for an opponent. Huerta has requested Rohan to please ask Zacher to leave his tomahawk in the corner of the ring. This is a good idea and if the Indian wants to go solo hunting the Mex. will be seen very distant on the horizon.

**MCGRAW REFUSES TO GIVE PFYL HIS RELEASE**

Monte Pfl, the former Oakland first baseman who has been out of baseball for two years, reported to McGraw here yesterday, and asked the latter for his release from the New York club.

McGraw has been going none too well and McGraw is not overlooking any likely material for substitute first basemen.

Pfl jumped the New York club to join the California outlaw league about six years ago, and later received permission to play in the Coast league, pending reinstatement. Pfl was recently reinstated by the National Commission, and has been trying to obtain his release in order that he could join one of the clubs in the Pacific coast league. McGraw's move in holding him has upset Pfl's plans.

**SIX ERRORS FEATURE SOX VICTORY OVER THE GIANTS**

With "Hooker" Witte in the box for New York, and Tex Russell on the firing line for the White Sox, the latter took the Giants into camp yesterday afternoon on the Oakland grounds, 5 to 2. Unsettled weather held down the attendance and interfered with fast playing. The Sox pounded Witte for 11 hits, which aided by rank errors, put the game on ice.

The teams played across the bay today.

**BREEZY BITS ON THE GAME**  
—BY—  
**BILLY FITZ**

Bill Klem was his name. And for voice that is plain. Like a hippo in pain. This blue-coated ump is peculiar. Which the same, we would rise to maintain.

They can call Umpire Bill Klem a "catfish" if they want to, but after watching his "personally conducted" game yesterday afternoon we would be more inclined to classify him as a whale, and a bull whale at that. When Klem called the batter out nobody in Emeryville was ignorant of the fact. It sounded like an explosion at sea. When he introduced anybody there was a general movement toward the exits. You half expected to hear his shout followed by the captain's order: "Stand by for the life boats. Women and children first!" Klem announcing the batter is Venusian in eruption; some day he will bite himself in half and the world will lose a good umpire.

Witte, the hero of one world's series game, was on the mound for the Giants. I knew he was because Klem said so. As a pitcher Mr. Witte is a fine first baseman.

By wallowing the Giants 5-2 the Sox are now but two laps behind and have high hopes of catching up by the time the two teams strike Nagasaki.

Doyle ran to world's series form in the fourth when Schalk's grounder approached him. For substantiation note last column in the box score.

Russell had no more to do with winning yesterday's game from the White Sox than the attendance had to do with the box office receipts. All he did was to strike out five, hit two singles and a double, drive in three runs and throw out three perspiring and ambitious foes. Buck Weaver was right behind him with three hits, four putouts, one run and a stolen base.

In the seventh inning the renowned Mr. McGraw suddenly bounced from the dug-out and committed verbal assault upon the unsuspecting Mr. Klem. Mike Donlin, not to be outdone in the footlight stuff, trailed his chief to the plate and sang second tenor. It was all very sad, but gave Klem the opportunity to uphold the dignity of our immortal game by banishing McGraw and Donlin to the cold and cruel shower baths in the clubhouse. Fifty per cent of the people figure that McGraw was indignant because Klem had committed some sort of a umpirical faux-pas; others opined

loudly that it was part of the drama. We are in a position today to inform our readers that neither of these theories is correct. The truth of the matter was that McGraw suddenly recalled how Klem had drawn four aces to a pair of trays a few nights back in Tucson, while he (McGraw) held three kings and a pair of deuces. The pot consisted of three stacks of blues, one stack of reds, half a stack of whites and 10 cents in real money. McGraw has been suspicious of Klem ever since. Thus in the troubled seventh inning yesterday afternoon what McGraw really said to Klem was: "You boiled son of a catfish; Matty told me that he saw you palm them aces; gimme back that six bits or I'll fire you."

And when Klem waived McGraw to the clubhouse it was only after he had told Muggsy in which pocket he would find the lucre.

**HE DID A "THORPE."**

Two men were on and two were down. When Crawford came to bat. There was a thrill as bat and pill collided—just like that! The runners sped about the sacks. Until they heard Thorpe call. The noble "red" with lifted head. Prepared to grab the ball.

And now the pill is near the earth. And Thorpe has calmly copied it. But stay—DO TELL: O what the noble Redman dropped it!

Some people wondered why it was that after Thorpe dropped the fly when it was right in his lunch hooks he waited for Snodgrass to come up and then walked off the field with him. But those were very ignorant people.

He was a professional ball-hoo guy and his business is to travel around this mundane sphere with the regular tourists and exchange programs for real money. His line of talk proved that he came from Chicago—he was there with the wind. In fact when this program guy opened up the fans had to keep one foot on their hat and both hands on their pockets, for fear the gale would blow everything loose that wasn't nailed down.

"Ladies and gentlemen," he belted, "when this un-pre-cedent-ed tour was got up, the manage-MENT de-CL-ARED that the fans would want, NAY, that they would de-MAND! a sou-ven-ir of this very im-portant o-cay-shun! and so we have HERE, etc., etc., etc., two-bits please, thank you—who else wants one?"

There were several things missing in the picture yesterday: Mayor Mott did not throw the first ball; neither did they burn any jinx, and thanks to the Most High, there was no band! The Schaefer broke a leg some day, they'll have to call a flock of ambulances to remove the fans who laughed themselves to death. Schaefer would have been earning a big salary long ago if the magnates hadn't always thought he was joking when he struck them for more money.

Poor Yermany Schaefer. It must be a heluva note to be rated as the funniest man in baseball and to have to live up to his reputation continually. If Schaefer broke a leg some day, they'll have to call a flock of ambulances to remove the fans who laughed themselves to death. Schaefer would have been earning a big salary long ago if the magnates hadn't always thought he was joking when he struck them for more money.

Three hundred and forty-two photographers, more or less, descended upon the players before the game and potted everybody. They persisted in believing that Doolan was Donlin and McGraw was Callahan, and vice versa, and they tried to persuade Jimmy Mathewson to pose, singly, collectively standing on his head and engaged in writing an article on the game for the Daily Gossip. Falling in this they wandered around aimlessly until Klem shooed them off the field. Klem probed

**Not Fair to Use "All-American"**

Some criticism is being expressed over the use of the name "All-American" in connection with the all-star rugby team that has been selected by the Rugby Union to play the All-Blacks tomorrow afternoon. It is pointed out that the use of such a title will make the game a really international affair. The New Zealanders constitute the greatest rugby team in the world. On the other hand, the Californians, while individually excellent, have had no time to practice together and develop necessary team play.

It would seem that if a team is permitted to represent America in an international contest, the proper official should see to it that said team is developed to the highest point of efficiency before being labeled with the stars and stripes.

**ALL-STAR READY FOR FRAY**

Under the guidance of Coach Presley, the players who will represent America in tomorrow afternoon's game with the All-Blacks, went through a light practice this afternoon on California field. The game will be held at Berkeley tomorrow afternoon, rain or shine, beginning at 1:30 o'clock.

After the practice there will be a meeting of the players and a captain of the team will be chosen. The game will be a very interesting competition will likely result in a draw.

The teams will line up as follows: All-Blacks—Murray, wing forward; Sellers, front rank; Cain, front rank; Graham, middle rank; Downing, middle rank; Wylie, middle rank; McDonald (captain), rear rank; Dewar, rear rank; Taylor half back; Gray, inside five; McKenzie, second five; McGregor, wing; Roberts, center; Mitchinson, wing; Cut-hill, fullback.

All-Stars—Hall, front rank; McKim, rear rank; Gray, inside five; McKenzie, second five; McGregor, wing; Roberts, center; Mitchinson, wing; Cut-hill, fullback.

**HAYWARD IS DROPPED FROM OAKLAND SUB-URBAN LEAGUE**

(By BILL CROSBY.)

At the meeting of the board of directors of Oakland suburban midwinter league, Wednesday night, it was decided to drop the name of Hayward from the league.

As the fans in that city failed to support the team in the right spirit and also the players complained of the long ride on the cars every Sunday, the Hayward team will hereafter be known as the Helms Clubbers with home grounds at Fruitvale. It is a pity that Hayward must lose its team as it is one of the best in the league and has won two games out of the three played.

The game that will be watched with the most interest Sunday will be between the Ambrose Tailors and Helms Clubbers. As the Tailors have not lost a game yet and the Clubbers have just started to show their form, a warm tussle is expected.

Jake Baumgarten will umpire the double-header at Fruitvale and Van Halten of San Leandro.

At San Leandro the Live Oaks tackle the Twenty-third Avenue Merchants. As the Merchants must live to stay with the Live Oaks and the Live Oaks have just started to show their form, a warm tussle is expected.

Jake Baumgarten will umpire the double-header at Fruitvale and Van Halten of San Leandro.

**INTERCOLLEGIATE LEAGUE IN BASKETBALL MAY BE FORMED**

Seven Big Institutions Will Be Asked to Put Sport on Schedule.

**A** MOVEMENT for the formation of an intercollegiate basketball league between teams representing the University of California, Stanford, Nevada, Pacific, Southern California, Santa Clara and St. Mary's college of this city is

indications point to the project proving a success. Physical instructor Long of Stanford is heartily in accordance with the scheme, while the other institutions mentioned also favor the plan. It has been the plan in the past to conduct contests under the supervision of the P. A. A., but it is argued that the interest that would naturally follow an intercollegiate match is not in evidence in these contests.

It is also contended that the participants themselves will be interested to a greater extent in matches of intercollegiate reputation.

It is now necessary for Santa Clara and Nevada to put their teams on the schedule to make it a seven team league, otherwise it is probable that it will be conducted with but five teams entered. However, Nevada has as good as given its consent to the affair while Santa Clara is also said to be favorable to the proposition.

With the wheels in motion, the project will probably be put into operation shortly after Christmas. In the meantime basketball enthusiasts are waiting impatiently for more material developments.

An interclass basketball tournament with eleven teams entered will be held by the students of St. Mary's college under the direction of Coach Otto Rittler and members of the student body. There are two classes in the league, seven teams in the class A division and four in the class B division. Tryouts are being conducted by the various classes and each team will be allowed ten men, making 110 students who will compete in the tournament. A meeting to arrange schedules and perfect final details is being held this afternoon.

The first game will be played on the 10th of this month. It is hoped by Rittler to develop some dark horses out of the tourney.

**New Zealand Captain Lauds St. Mary's Hooker**

In the estimation of Captain McDonald, leader of the New Zealand All-Black rugby team, Cummings of St. Mary's college is the best hooker the invading Antipodeans have stacked up against on California soil. In an interview in the southland, McDonald stated that St. Mary's college gave the All-Blacks their hardest game. "The forwards of St. Mary's college gave us more than usual trouble and kept us busier than any other club we have met on this side. Cummings is especially clever at hooking, and I admit that he is as good as we have met while here." Prentiss, Brandon, Oeschger, Tognazzini, "Butch" Bruzzone, Randall and Guisto, the forward division of the collegians, were also lauded.

### "ES GIBT KEIN TANGO!" KAISER'S ULTIMATUM

BERLIN, Nov. 14.—Kaiser Wilhelm is taking drastic measures to suppress the tango craze, which has fastened itself firmly upon Berlin society. Orders have been issued that the tango must not be danced at court balls or other functions where members of the royal family may

be present. The Crown Prince and the Crown Princess have been taking tango instructions from an American instructor.

**NATIONAL GRANGE MEETS.**  
MANCHESTER, N. H., Nov. 14.—An address by Secretary Houston of the department of agriculture was the principal feature of today's program at the annual meeting of the National Grange.

### Ancestral Home of Geo. Washington to Stay in England

LONDON, Nov. 14.—The family home of George Washington's ancestors in England will remain for the present on its original site in Northamptonshire. It is reported that negotiations recently opened by Sir Thomas Lipton, with the idea of purchasing the house which is known as Stratford Manor, for \$40,000, with the idea of having it moved to Washington or some other place in America, have been rejected. The committee arranging the centennial celebration of the signing of the peace between England and the United States desires to keep the historic structure in England notwithstanding that it is in a remote and almost inaccessible place.

### SEND GIFTS EARLY, HELP POSTAL MEN

Postoffice Department Must  
Break 8-Hour Law Be-  
cause of Holidays.

WASHINGTON, Nov. 14.—Although deprecating the necessity for overworking its employees, the postoffice department today announced that it would be compelled to close its eyes to the federal eight-hour law during the Christmas rush of mail matter. Carriers and clerks, it was declared, would have to face the necessity of losing beauty sleep and of putting in long hours in order that a congestion of mail matter might be avoided.

"While it is not desired to work undue hardships on the employees of the service," said First Assistant Postmaster General Roper, today, "yet it must be kept in mind that the Christmas season is an emergency recognized by the department as justifying the employment of clerks and carriers for more than eight hours daily."

Postmasters are urged to appeal to their patrons to aid in preventing the congestion that usually takes place just before December 25 and during Christmas week.

Christmas gift givers are invited to send their packages earlier than usual, putting on the outside wrappers the inscription, "Not to Be Opened Until Christmas." This precaution, the postoffice authorities declare, will insure better delivery and make much lighter the labors of the system.

### LAWLEY'S YARD WILL NOT BUILD DEFENDER

BOSTON, Nov. 14.—A commission to build a second sloop as a candidate for the defender of the America cup was refused by the Lawley shipbuilding yard. It was learned today, after the Lawley corporation had been awarded the contract to build the Cochran sloop. G. W. Lawley, head of the corporation, said it would not, in his opinion, be wise for the yard to undertake construction of two cup sloops by different designers at the same time.

**Best Cough Medicine for Children.**  
"I am very glad to say a few words in praise of Chamberlain's Cough Remedy," writes Mrs. Lida Dewey, Milwaukee, Wis. "I have used it for years both for my children and myself and it never fails to relieve and cure a cough or cold. No family with children should be without it as it gives almost immediate relief in cases of croup." Chamberlain's Cough Remedy is pleasant and safe to take, which is of great importance when a medicine must be given to young children. For sale by Goodrich Bros. Drug Stores. —Advertisement.

## LEAVES TRAIL OF BOGUS CHECKS

Police Searching for Alleged  
Swindler, Who Buys Hotel  
and Auto.

Tenders \$1100 Check for \$900  
Champagne Purchase, Se-  
curing \$200 in Gold.

LOS ANGELES, Nov. 14.—The police began last night a search for a man who gave the name of A. C.

obtained a hotel, an automobile and \$900 worth of champagne by tendering in exchange checks which were declared worthless.

According to the police Kuhn, who is a well-dressed man with a glass eye, obtained possession of the Planet Hotel at San Bernardino by giving an alleged worthless check for an amount not made public.

After that purchase he tendered another check to J. L. Warnock, a deputy sheriff of San Bernardino, in payment for a seven-passenger automobile and then drove from that city to Los Angeles with Warnock.

Accompanied by the San Bernardino officer, Kuhn was alleged to have visited a wine dealer here and to have obtained \$900 worth of champagne by tendering a check for \$1100, securing \$200 in gold coin in change. Warnock, it was said, inclosed the check.

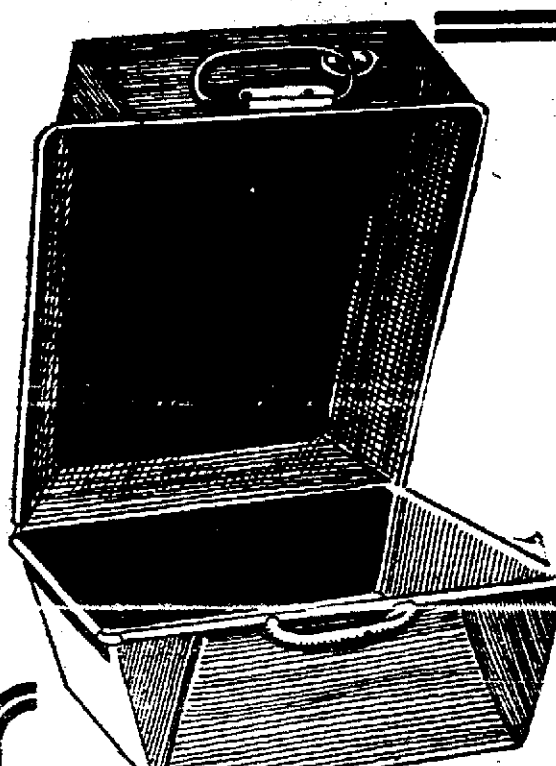

The wine merchant complained to the police last night that the check was worthless. The police telephoned to the Planet Hotel at San Bernardino to learn if Kuhn was there. He was not, but twenty servants he had engaged to work for him were there, waiting for their wages.

### ORTIE McMANIGAL TO LEAVE FOR ENGLAND

DETROIT, Nov. 14.—That Ortie McManigal, confessed dynamiter, upon whose testimony the McNamara brothers and thirty-eight other ironworkers were sentenced to prison, passed through here accompanied by Detective William J. Burns en route to Montreal, whence McManigal plans to sail for Europe, became known here last night. It was said that Burns turned McManigal over to a member of his staff here, and that the former prisoner will be accompanied by a bodyguard, until he is safe on foreign soil.

### MINISTER TO COLOMBIA GETS LEAVE OF ABSENCE

WASHINGTON, D. C., Nov. 14.—Thad Thompson, the new American minister to Colombia, has been granted a leave of absence by the state department to make a flying trip to the United States on urgent personal affairs. It was said at the department that Thompson would return to Bogotá as soon as possible.

### COL. GEO. W. GOETHALS WILL NOT RETIRE

WASHINGTON, Nov. 14.—Colonel George W. Goethals, chief engineer of the Panama canal, is not to retire, as has been reported recently. On the contrary he is on terms of the closest friendship with President Wilson, Secretary Garrison and the Washington administration. This was made plain yesterday by President Wilson himself. The President had expected to visit the canal zone last summer before the water was let into the locks, but developments in Washington prevented. He let it be known yesterday that he saw no particular objection to a visit now and in January, 1915, when the ceremony of opening the canal is planned.

### TRUSTEES ACCEPT ARCATA NORMAL SCHOOL SITE

EUREKA, Nov. 14.—Trustees of the state normal school last night accepted the offer of the city of Arcata to provide a site for the proposed institution and appointed N. B. Van Matre, superintendent of the Eureka schools, as dean at a salary of \$200 a year. At the last session of the legislature \$10,000 was appropriated for starting the school.

### EUREKA SCHOOLS TO REOPEN MONDAY

EUREKA, Nov. 14.—The Eureka public and parochial schools are to reopen next Monday, according to announcement made by the Board of Health today, after having been closed since October 29, owing to a threatened epidemic of infantile paralysis. Nine cases were reported, three of which were fatal.

### USE KNIFE TO SAVE POISON VICTIM'S LIFE

NEW YORK, Nov. 14.—In an attempt to save the life of Mrs. Helen Janin, beautiful young wife of Jacob Janin, after she had swallowed twenty-one grains of bichloride of mercury, the desperate resource of the surgeon's knife was resorted to yesterday by Dr. A. L. Thomas in the S. R. Smith infirmary.

### WORLD START AIR LINE.

PARIS, Nov. 14.—Paris to New York in 60 hours will be possible within a year, according to A. Boerner, a German inventor, who yesterday organized a \$5,000,000 corporation to build a fleet of six-passenger carrying dirigibles to ply between Paris, London and New York.

### THE LATEST IN TANGO NOT A BEAR; A SHARK!

LONDON, Nov. 14.—The "shark swish," a new form of tango, has become popular in Bohemian "cafes de danseuse." The dance gets its name from the fact that the dip sideways by each couple is accentuated with the easy motion of a shark turning in the water to seize its prey. It is danced sideways altogether and necessitates the latest creation in frock motion tango dresses.

### TO GUARD CANAL.

NEW YORK, Nov. 14.—Sandy Hook's 16-inch gun has at last found a permanent home and the big rifle, one of the first of its type to be constructed, will become the kingpin of the Pacific coast defenses of the Panama canal.

## Limited Player-Piano Offer

For a limited time we will continue to give \$100 worth of music rolls free to each purchaser of a new Player-Piano.

No charge of any kind is made for this complete library of music—our Player-Piano prices remain exactly the same as always—the lowest in Oakland for quality.

Throughout the entire piano trade Kohler & Chase is recognized as one of the greatest Player-Piano houses of the United States. No concern in America handles a better or larger line of quality Player-Pianos than Kohler & Chase—no house anywhere has better Player-Piano experts nor a more liberal service arrangement. No house sells Player-Pianos on more favorable terms of purchase.

From the most inexpensive upright to the Knabe Art Grand and Player-Pianos the largest and best selection of instruments is to be found at Kohler & Chase. The immense purchasing power of Kohler & Chase enables us to sell quality Pianos and Player-Pianos at the prices usually asked for inferior instruments.

Any salesman who attempts to dissuade you from visiting Kohler & Chase is not working for YOUR interest.
